SUMMER'S END

Summer has come and gone once again, leaving treasured memories of vacations on the sunny Florida coast and escapes into "the land of screams and dreams." It was a time to be carefree, to plan for the future, and to savor those simple things in life. The good times shared with friends are treasured moments. Those lazy days at the park or those days on the beaches' white sand — these simple pleasures form our greatest happiness. Sooner than we expect, they slip away, and we find that it's the end of the day. But as the sun sets today, tomorrow is forming. And tomorrow will bring pleasures in different simple things.

August 31, 1981, 2600 students scrambled to classes in four buildings. In supervision, they were presented a Southwest Handbook containing maps, general information and rules, the result of a concerted effort to establish a consistency throughout the four buildings. Grouping students by class was a further attempt to simplify and unite. The health requirements have stiffened — no shots, no school — and the educational standards strongly reflect the back to basics movement; the Georgia State Board of Education has decreed that this year's ninth graders must pass a competency test before receiving a diploma. Gone are such courses as Decorative Stitchery and You and Your Poem. Back to stay are the simple ABC's of education.

FRIENDS

In happy moments, sad times, or just in our day-to-day activities, a friend can be found. Friends can't be bought with a price (for the price is beyond compare); nor can we give them up so easily knowing that we still care. Friends can read a book together or even daydream; that's what we call a simple friendship. Sometimes we can even think aloud with each other! A friend will always be there to perk us up when we've got the gloomies. And when we have something to celebrate, he will be there with his party hat and noise maker. For we couldn't find a better friend . . . if we searched the world from end to end!

LOVE

Love, the magician, knows this little trick whereby two people walk in different directions yet always remain side by side. It needs no definition. To tell someone why we love him would be like asking why a particular color is your favorite. We love that special someone because he cares about the simple things that bother us, like Monday morning traffic and rain on three-day weekends. Love puts us on a merry-go-round of surprises and points out what pleasure there is in simple things — baking cookies, swinging in the park — being together, giving, sharing and enjoying life. And when we talk, we always seem to reminisce on those simple things we did that everyone thought were so insignificant.

SPIRIT...

The spirit found at Southwest, that energetic drive within all its students, is a simple tradition. It was handed down from days of old, and every new year adds to its momentum. Our spirit is shown in various ways. At times we may look very out-of-place with silly hats and funny glasses. It's in those moments we find in ourselves that spirit we never knew we had. The spirit at Southwest is a tradition. It's that simple trait that helps to make us perfect or better!

PERSONIFIED

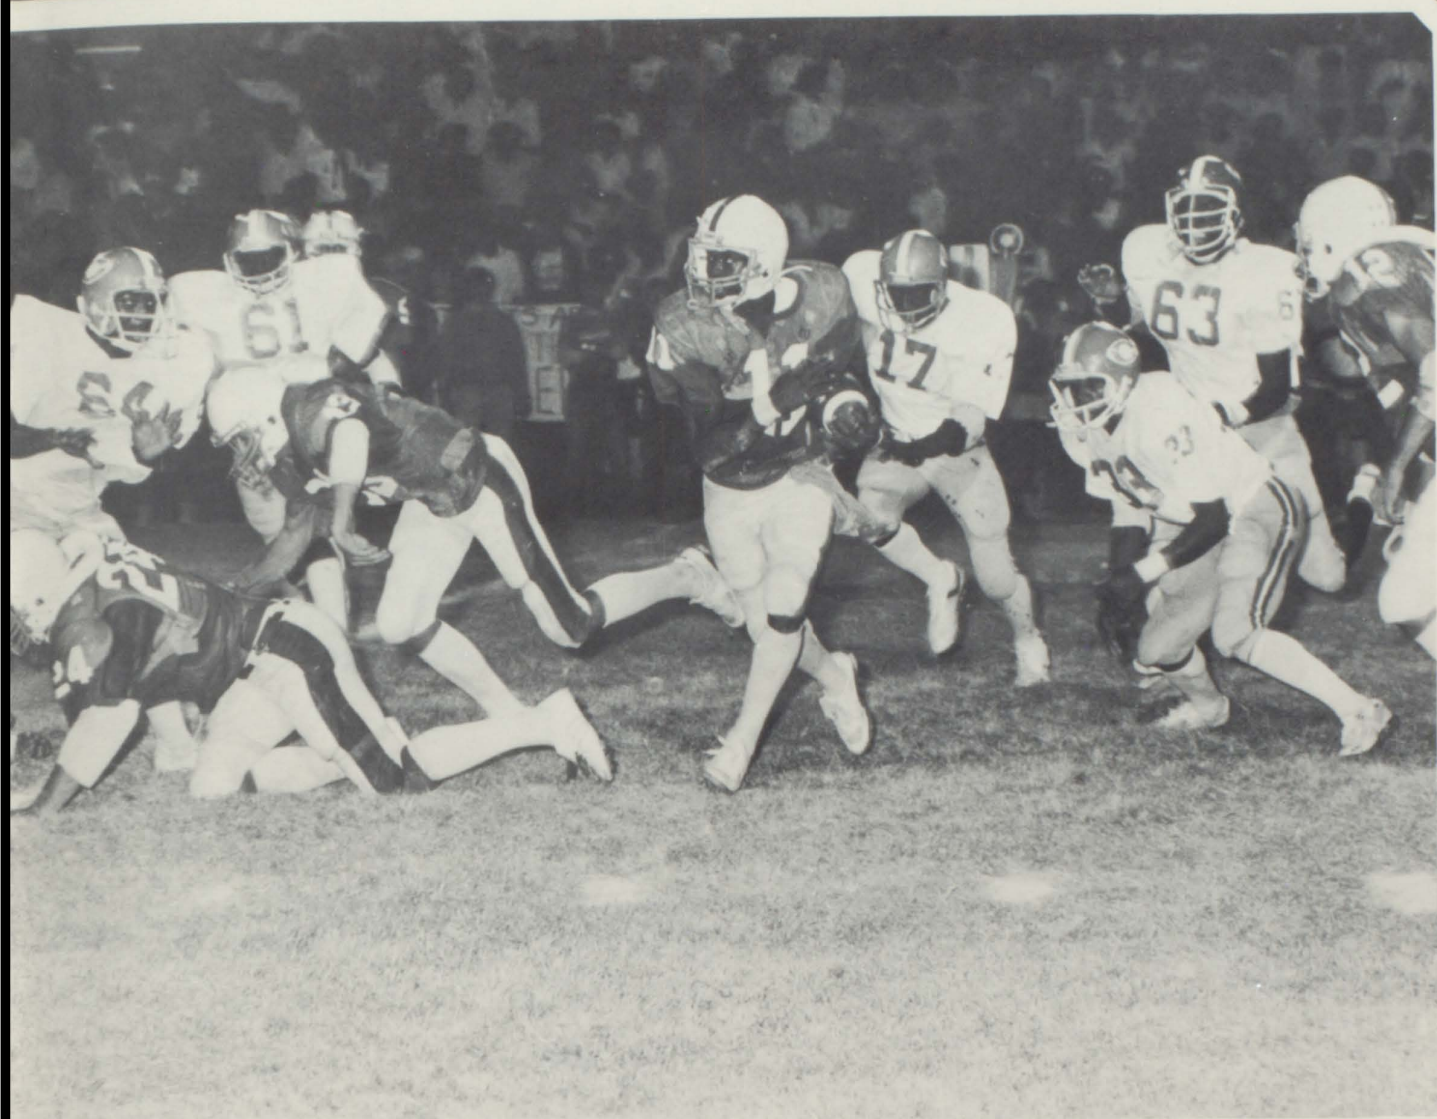

Spirit Stick competition — no school has anything like it. Almost 2,000 students file silently into the stands. As a long silver stick points toward a class, its students rise, yelling at a furious pitch until the second the stick is lowered. When the competition is completed, both classes exit in total silence. As the students await impatiently the judges' decision, the intercom sounds — a tie — for the first time in the long history of the school. This competition is simple — hats, banners, and signs — but because of this, the students are united. The unity shown during the assembly actually manifests the love each student feels for his school and his class. This is why we're the most spirited student body in Bibb County. This is **Spirit Personified!**

Victory comes as a result of MOTION, hard work, dedication, and fair play. Our few losses are only temporary defeats which makes us strive a little harder the next time around. Everyone profits from exposure to and participation in the simple spirit of all American competition.

PATRIOTS SUCCESS

SOUTHWEST vs. CARVER: The Southwest varsity football team, the "Red Machine," defeated Carver in both team's season opener. The final score was Southwest 11 and Carver 6. The scoring for Southwest was made by Randy Griffin's thirty yard field goal, Terry Brown's one yard touchdown run, and a safety that maneuvered into the end zone on the punting team. Defensively led by Jimbo Hammond, the Red Machine was awesome, allowing the opposing team to score only six points.

SOUTHWEST vs. BENJAMIN MAYS: Many fans were on hand to see Southwest play against Benjamin Mays. Even before the Southwest fans were settled in their seats, Benjamin Mays scored on a four yard touchdown pass. However, after this dramatic game opening, the battle belonged entirely to our Patriots. A solid running attack, led by Don Bass, Jackie Robinson, and Reggie Green, along with an explosive offensive line, was the key on offense. Quarterback Terry Brown also had a fine night as he ran a one yard touchdown and passed to Mike Shepherd for another. Defensively, Mays fought for every yard they got. The Red Machine received a good showing by the entire defense as Mays had trouble establishing a solid offensive drive. The final score of the game was 14 to 6 in favor of our Patriots.

SOUTHWEST vs. NORTHSIDE: The Patriots scratched and clawed in the game against the Northside Eagles on September 12, but the scoreboard just was not favoring us. It appeared that the Patriots were going to walk away with a victory in the first half of the game, but in the second half, the Red Machine rolled to a complete stop. Northside controlled the rest of the game, winning by only two points. The final score was Southwest 10 and Northside 12.

PATRIOTS

SOUTHWEST vs. AMERICUS: From the outset of the game on Sept. 18, it was noticeable that Southwest was having difficulty staying abreast with the vigorous play of Americus. At half-time the score was already Americus 20, SW 0. When Coach Hatcher brought his troops back out for the second half, it seemed obvious that Southwest had corrected many of its first half mistakes. In the second half, led by Terry Brown, our team made a remarkable comeback, but by this time it was too late. Americus defeated Southwest 38-20.

SOUTHWEST vs. THERRELL: On Sept. 26, 1981, Southwest traveled to Atlanta to play Therrell. Our Patriots were outweighed and out-sized, but not out-scored. Offensively, Southwest was led by Terry Brown who had two touchdowns and 95 yards rushing. The defense also performed extremely well. By the end of the game, Southwest had boosted its record to 3-2, beating Therrell 20-7.

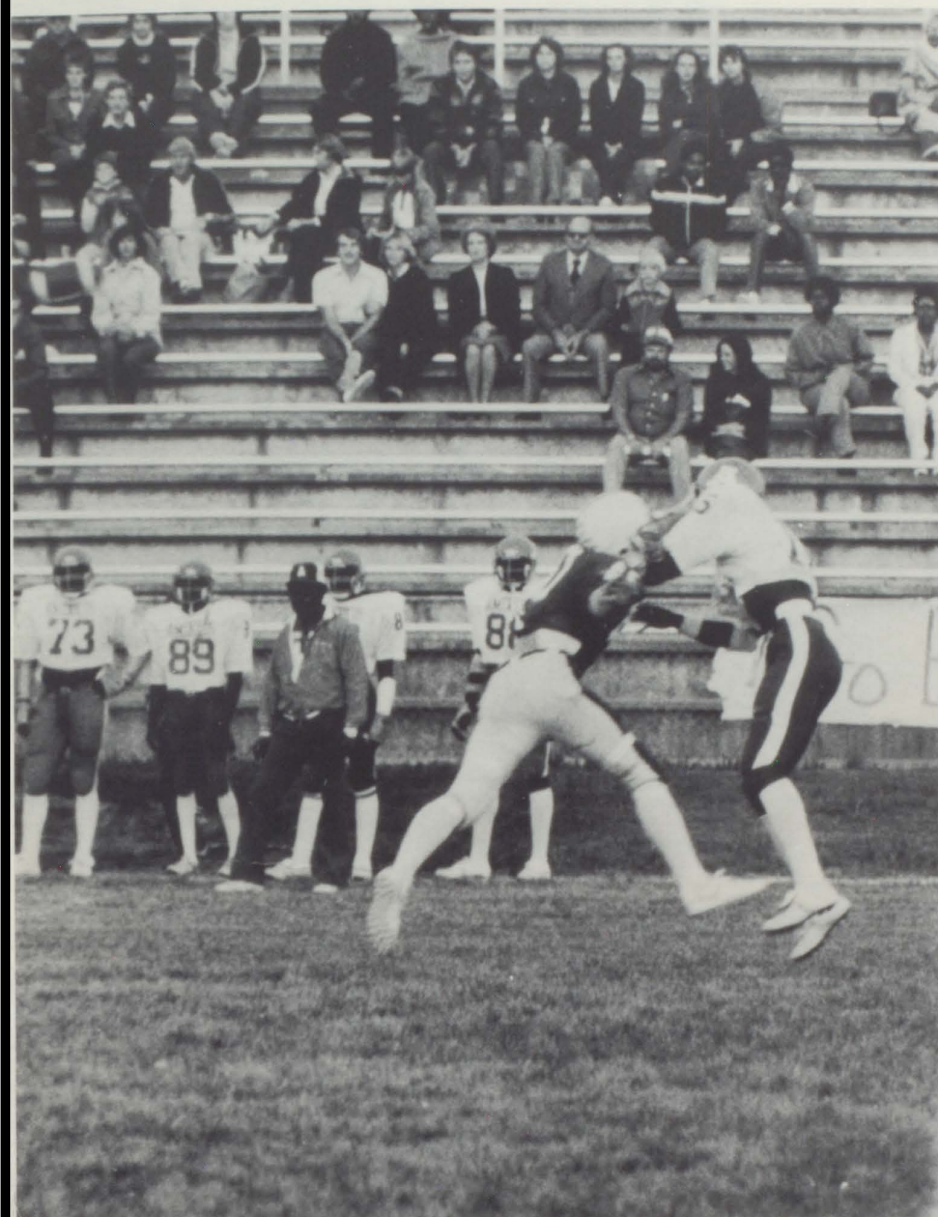

SOUTHWEST vs. WARNER ROBINS: Southwest walked into Henderson Stadium on Oct. 2, 1981, knowing they were pitted against the number one team in the state. They left feeling it by losing 27-12. Southwest fought hard and played competitively, but the Demons were just better. One bright spot for us was, of course, senior quarterback Terry Brown.

SOUTHWEST vs. BALDWIN: On October 9, 1981, in the rain, the Southwest Patriots faced the Baldwin County Braves. Our Patriots were the first to place a score on the scoreboard and seemed to continually place changing scores on the scoreboard, until the end of the game when all the action ceased. Southwest excitedly walked away with a triumphant victory over Baldwin. The final score was 28-16, in our favor.

DOMINATE ON THE GRIDIRON

SOUTHWEST vs. CENTRAL: The game of the year for our Patriots was set to kickoff at 7:30 at Henderson Stadium on a windy Oct. 16th. Even before Southwest collided against Central, the Southwest student body put the "Orange Crush" 6 feet under. In a Central funeral pep rally, the Charger was put to its final rest. Our cross-town rival entered the game with a 6-0 record and ranked 10th in the state. Their intentions were to shutout the Patriots' star quarterback. But hey . . . Terry Brown exploded behind a dynamic offensive line that was anchored by Jerry Hamlin, Tony Bell, Marty Bardash, Reggie Green, Robert Bishop, and Kelly Purvis. Terry ran for two touchdowns and passed to Mike Shepherd for another score. The Red Machine defense was simply . . . A-W-E-S-O-M-E. As our Patriots drained all the juices from the Big Orange, we chalked up a tremendous victory with an 18-6 decision.

SOUTHWEST vs. ROBERT E. LEE: Oct. 23 was a windy night for Southwest's Homecoming game. Our opponents came all the way from Alabama to try to destroy our Patriots, but destroyed we were not . . . Terry Brown passed for 3 touchdowns to Mike Shepherd, and he and Michael Holston ran for the other two scores. Randy Griffin booted 5 extra points and a field goal as Southwest defeated R.E. Lee 38-6.

SOUTHWEST vs. NORTHEAST: The last game of the season was a shocker for Southwest. Everyone expected an easy victory over the lowly Raiders. But Southwest got dismantled, losing 28-14. What Happened??? First off, star quarterback Terry Brown was finally shut down. Next the Patriot defense got run over. Larry Emery ran for over 300 yards against a solid defense. Our Patriots ended with a 6-4 record and Head Coach Hatcher believes the Southwest football program looks very bright.

CHEERLEADERS PROPEL WINNING SEASONS

The cheerleading squad for the year of 1981 and 1982 is probably one of the most enthusiastic and spirit-filled groups that Southwest has ever had. They create their own dance routines and pyramids often moving to the rhythm of the band's songs. Our cheerleaders cheer at every football and basketball game and that itself is a tough job, but this year they have also taken on the task of being in charge of the pep rallies and the bonfires. A cheerleader's responsibility is to promote both spirit and enthusiasm at athletic events as well as at school, and it is more than safe to say that our cheerleaders do. The cheerleading squad of 1981 and 1982 is what Southwest would consider "Red Hot."

B-TEAMS MAKE

When the B-team football team was organized this year, Coach Ashley and Coach Sharpe said that the word *lose* was not in their vocabulary and lose they did not. In fact, this 1981 football team became the city champions, finishing with a 3-0-4 record. The players of this year's B-team are the stars of tomorrow, so the future of the Southwest Patriot football team looks very bright.

PATRIOTS' FUTURE LOOKS BRIGHT

The cream of the crop — That's the best way to describe the 1981-82 B-team cheerleaders. Advised by Mrs. Langston, the cheerleaders have motivated the B-team football, boys' basketball and girls' basketball teams. This year the B-team had something extra, quite a few more girls that helped cheer with the varsity cheerleaders at pep rallies and varsity games. These cheerleaders have worked hard all summer long to show our teams and other teams that the 1981-82 Southwest B-team cheerleaders are the *cream of the crop*.

SOFTBALL SEASON

This year's softball team had a very successful year. Although they came in 2nd in the subregion, the Lady Patriots, coached by Ms. Evans, are expecting a State Championship next year. Ms. Evans believes the talent is there, and now the Lady Patriots have experience also. This year's team did not depend on one outstanding player; many contributed to the team's success in one way or another. While some were better players, others were more dedicated as leaders. Whatever the case may be, the whole softball team was united and, as a result, had an extraordinary year.

OUR CLAIM TO FAME

Southwest Boys' Basketball: Our Claim to Fame! A legend! And that legend lives on, thanks to a great 1981-82 season. Coached by Donald Richardson and Robert Hudson, they finished the season as sub-region champs, region runners-up, and they competed in the state tournament. The gym was always packed in the Southwest vs. Baldwin contests. With the performances of such players as Albert "Bobo" Thomas, Eric Woodard, Tracy Taylor, and Freddie "Strick" Sandifer, the Patriots finished with an outstanding 26-3 record. All four ended the season being in the city's top ten. "Bobo" averaged 19 points a game, while Tracy and Freddie put in 13. Eric added 11 points a game to the red hot team. Let's reflect a little on this season. Let's reflect on a great team that seemed to keep that legend of B-ball alive.

WINNING WAY

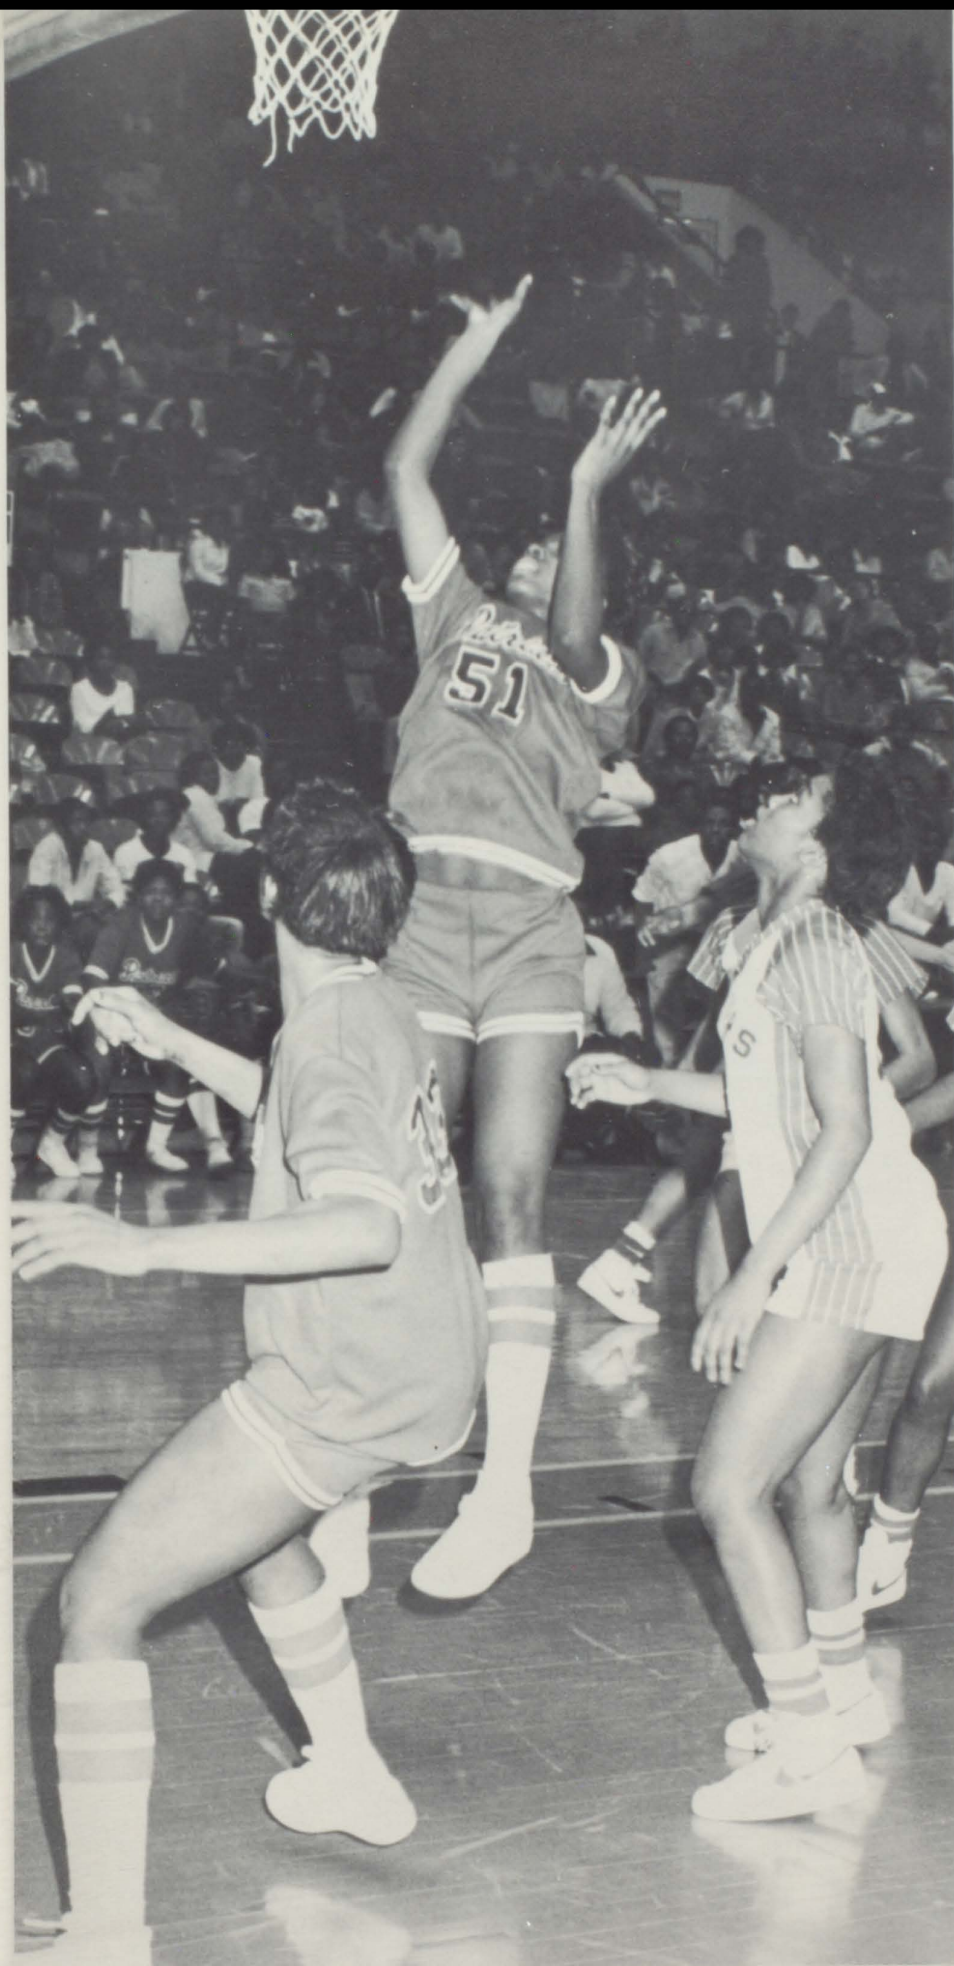

EXPERIENCE FOR GIRLS' B-BALL MEANS . . .

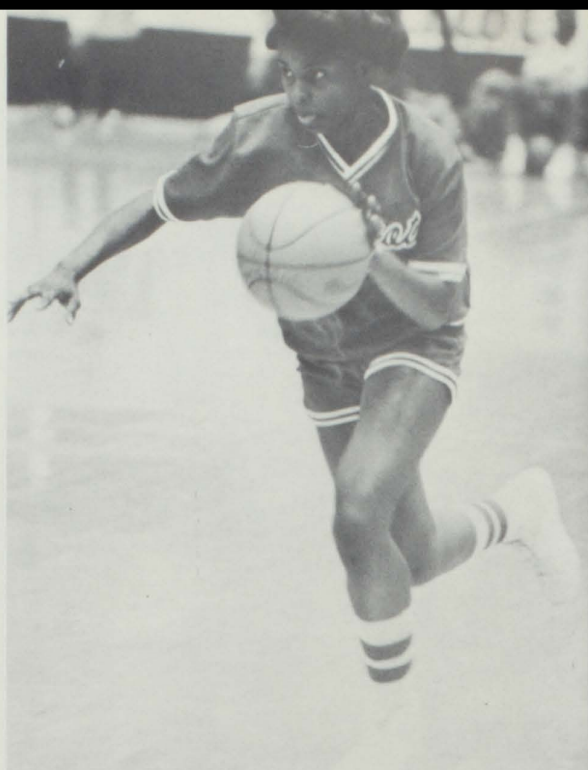

VICTORIES

This year, as usual, the Girl's Basketball team gave an added attraction to the Boy's team. They earned respect and recognition as they completed the season with a 20-5 record. Led by stars Jackie Harvey, who averaged 15 pts. a game, Vonda Middleton and Latrice Wallace, who averaged 14 pts. a game, the Lady patriots recovered from a slow start to produce a good season. All three of the girls were rated in the top ten in the city at the end of the season. What will hurt this team in the future is that all three of these girls will be lost to graduation. But with the good coaching of Coach Sharp and Coach Goolsby, and the upcoming stars it's inevitable that the Lady Patriots will keep on winning.

THE LEGEND OF BASKETBALL

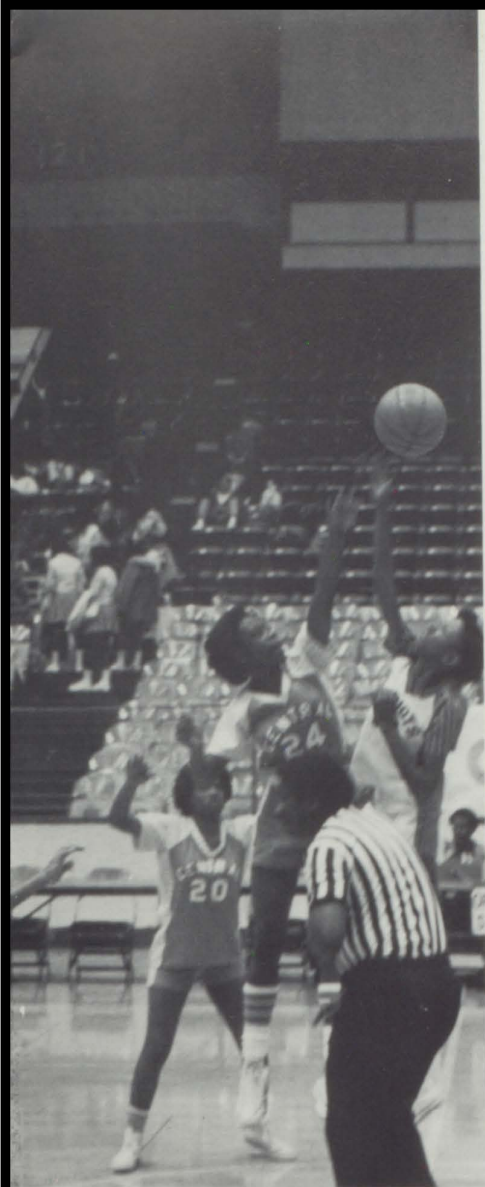

KNEELING: Terrance Howard, Bobby Wilson, Shawn Whipple, Terry Reese, Anthony P... STANDING: Joe Thorpe, Keith Johnson, Dennis Robinson, Dewayne Armstrong, Rodrick Sindor, Jeff Green, Terrific Woolfoll.

The building ground of the Southwest basketball legend starts with the B-team Boys' Basketball team. Coached by Coach Hudson, these young men work on their skills to contribute in future years. This year, as usual, these 10th graders did more than sharpen their skills. Led by guard Terrance Howard, one who never failed to score in double figures, this B-team won a lot of their games. So while the varsity receives all of the recognition, these junior varsity players are going to obtain the spotlight in a few short years. And the legend will continue.

RIGHT: Rodrick with his dominating top in. FAR RIGHT: The Patriots battle for a rebound under the boards.

WILL CONTINUE

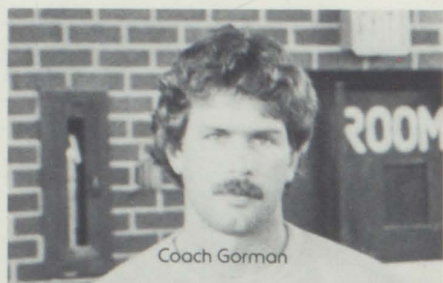

Under the direction of Coach Willie Goolsby, the 1981-82 B-team girls' basketball team features something to keep you pulling for a Southwest victory. Great talent adorns this team. With people like Gayla Howard working steadily under the boards, and with good outside shooters like Ann Spivey, the Patriot future looks good. While polishing on their skills for the upcoming years, the team won many of their games. The competition in the region is growing tougher with the years, and from the looks of things, our girls should be leading the Pack. And the legend of basketball will continue.

Wrestling . . . the sport that requires concentration, coordination, and determination. Coached by Coach Gorman and Coach Jones, with help from Willie Hardy, this year's wrestling team performed well. Leaders Joe Ludlam and Willie Watson entered state competition after winning in the sub-and region tournaments. Also in competition were Andrew Sandifer and Roy Carr.

LEAD TO MANY VICTORIES

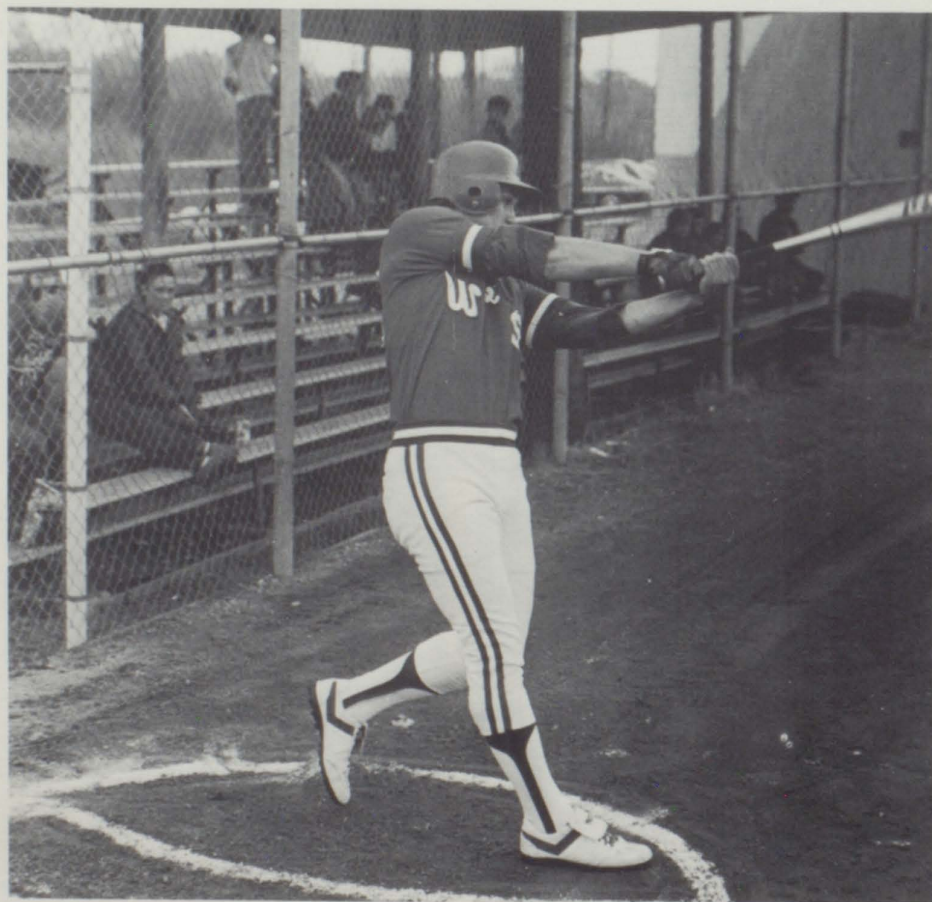

The 1982 version of the Southwest baseball team was a very good one indeed. Many players contributed to the great success the team had this year, but two seniors led the way. Billy Brooks, a major league prospect, pitched and won many games. The offensive firepower, led by Tony Shepherd who had 6 homeruns, and timely defensive won many games. While the Patriots will also lose Randy Griffin, Robbie Bishop, Don Bass, and Steve Carroll, they will still have Mike Shepherd, Shane Haygood, Jeff McBryant, Kelly Purvis, and Eddie Taylor plus a championship B-team lineup next year to keep the Patriots dominant on the baseball diamond. Season highlights featured Southwest finishing second in the Lem Clark Tournament, Don Bass hitting three homeruns in one game against Northeast, Southwest playing all those close games against Northside, and finishing a wonderful season with a 15-7 record and a second place finish in the Sub-region under the coaching of hard-working Eddie Ashley.

Though the main focus is not on the B-team Baseball team, they have acquired much attention by superb playing. Their record of 17-1 and a first place finish shows this. Led by Coach Gorman, these young men have a chance to sharpen their skills for the varsity next year. Powerful hitting, led by Kenny Shepherd and Alexis Wallace and good pitching, led by Barry Dean, and sound fielding by everyone has shown every high school baseball fan that in the coming years, Southwest will be something to watch.

Coach Harcher, Danny Herring, Cliff Minchew, Tony Johnson, Dewayne Herring, Scott Caldwell, Mike Barlow.

The 1982 Southwest Golf Team, coached by coaches Edgar Harcher and Bobby Bedgood, had a pretty good season. They learned the better points of the game and placed some of the members of the team in good rankings. The 1982 golf outstanding athlete Scott Caldwell played this year as usual: very good. The Bowden golf course was plodded often this year as the Southwest golfers, maybe future Tom Watsons, chose their clubs and teed off.

SEASON

The 1982 Boys' Track team featured some excellent athletes. In the short distance runs the names of Bobo Thomas and Tony Adside come to mind. In the long distances, Southwest was blessed to have Fred Porter and Victor Dennis. Though the team as a whole was not always on top, SW, coached by Coaches Crary and Goolsby, placed many athletes in the Region Tournament. They are Albert Thomas, Tony Adside, Victor Dennis, Eric Smith, Kenneth Allen, Fred Porter.

FRONT ROW: Beth Carsen, Susan Hopper, Cynthia Holston, Carla Willis, Sarita Smith, Audrey Lewis, Rochelle Ward, Sandee Minniefield, Susan White. NOT PICTURED: Lisa Carr.

The 1982 Girls' Track team was one on which, though as a team winnings were few, everyone showed team togetherness. Some outstanding runners were Susan White, Lisa Carr, Carla Willis, and Vicki Hand. Lisa did not run the whole season, but when she came, the team received a boost to their morale. The team, coached by Coaches Proctor, Hammond, and Evans, does have one good thing going for them — most of the runners will be back. Going to the Region Tournament this year were Carla Willis, Sarita Smith, Lisa Carr, Susan White, Cynthia Holston, Vickie Hand. Lisa Carr will be going to State in the mile and 2 mile events.

Not John McEnroe or Chris Evert Lloyd, but then who knows? The Southwest tennis team featured some good athletes, though the season as a whole was unsuccessful. The girls' team, coached by Albert Sharpe, was led by junior Carol Cater. The boys' team featured Brian Gonzalez as their outstanding athlete. The team was coached by Coach Richardson with help from Brian. Ricky Johnson had a good season and played either as the number one or two seed all year.

Athletes Compete on the Field to See Who's . . .

When the over-head lights flooded the football field in the fall, the Southwest Patriots were dominate on the football field. And all you had to do to stop the Patriots was to stop the quarterback, Mr. Southwest, **Terry Brown**. Seems easy; well it was not. He propelled Coach Hatcher's run and gun shotgun offense to perfection with his slippery moves and great quickness. He gained 960 yards rushing and 1006 passing. He scored fifteen touchdowns running and five more passing. His God-given athletic ability won him a scholarship to play for the University of Tennessee and numerous awards including the Golden Helmet and MVP awards.

Ready . . . Set . . . GO!! **Tony Adside** is picking up the speed and is as fast as lightning; he wins again. Though only a junior, he consistently ran 9.7 in the 100 yard dash and he placed fifth in the state. Tony is only 1/10 of a second off the state record in the 221 at 21.5 seconds. He has been the best sprinter for three years and Coach Goolsby attributes his good record to hard work, dedication, a positive mental attitude and plain God-given talent. Tony, captain, is truly one of the best sprinters in Georgia.

Albert "Bobo" Thomas had the honor of being an outstanding athlete in two sports this year. In basketball, his strong inside play led Southwest to a 26-3 record and a trip to the state semi-finals. Possessed with great ability and an outstanding attitude, Bobo scored 18 points and yanked down 14 rebounds a game. He was named most valuable player this year by Coach Richardson. Bobo also possesses great ability in track. He consistently jumps over twenty-two feet in the long jump, has run a 10 second, 100 yard dash, and holds the school state record of 96 feet 9 inches in the triple jump. He signed a basketball scholarship with Centenary and probably will also make it in track, considering he will probably make the High School All-American track team.

Carol Cater has played tennis at Southwest for two years, and she has made her game very respectable. Carol is only a junior, and she possesses good serving and volleying ability. She is the team's number one seed and although the team was 1-2 this year, they have a good foundation to work with for next year . . . Carol Cater.

Best

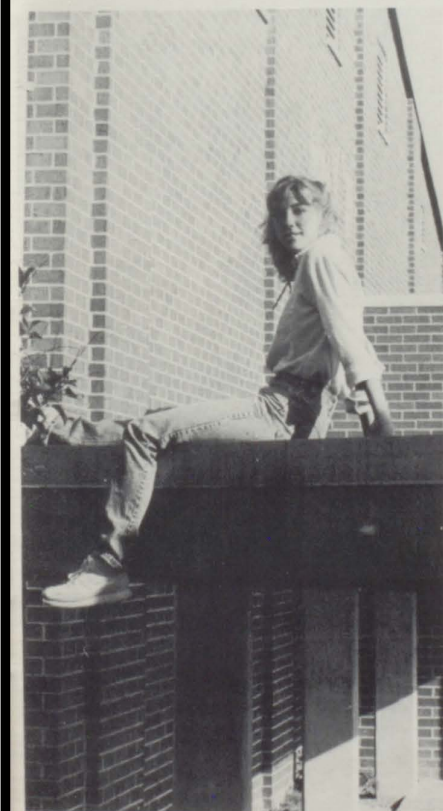

Susan White, the outstanding athlete for Girls' Cross Country of the 1982 season is a well-deserved winner. Once in her running pace, she made everyone else literally give up, usually producing first place awards. Coach Proctor has commented that Susan is very dedicated and shows good self-discipline. Susan also ran the one mile and two mile races during the spring track season and qualified for the sub-region and region tournaments.

Horace Dennis was the most consistent first place finisher on the Cross Country Team this year. Coach Proctor said that he's full of self-discipline, uses good racing strategy and is very coachable. The interesting thing, Coach Proctor says, is that not only is Horace a good runner but is a good student also. He has won the Coaches Award, Most Outstanding Runner, and the Most Dedicated Award.

The Outstanding Athlete once again this year for girls track was Lisa Carr, a junior. She is a team player, participating in the 440 relay, the mile relay, one mile run, and the two mile run. Coach Proctor says, "Lisa is very self-disciplined, highly dedicated and full of enthusiasm." Lisa has won the Golden Spike Award and the Outstanding Distance Runner Award. Chances are we will be hearing a lot more from Lisa.

The Wrestling outstanding athlete for this season was Willie Watson, an extremely strong and quick man to be only 107 lbs. Don't let his weight fool you though, because he placed first in the region, first in the Southwest Invitational, second in the Troupe Tiger Invitational, first in the sub-region, and he qualified for state competition in his weight division. Willie, a sophomore, will definitely pose problems for other wrestlers in the state in the coming years.

On or Off the Field, Southwest's Best Are Simply

This Boys' Tennis Team was inexperienced at the beginning of the year and Coach Richardson needed a leader. He found that quality in junior **Brian Gonzalez**. Brian was the only member from last year's team to return, so his experience rubbed off on the other players to lead the team to a 2-1 record. Brian is a strong singles player (#1 seed), and due to his great quickness he also plays doubles well.

"**Latrice Wallace** with the rebound," shouts the announcer. "The 6'1" center is virtually unstoppable inside." This year she averaged fourteen rebounds to go along with fourteen points a game. Latrice was chosen to the All City team and the South All-Star squad. She is being scouted by Mercer, South Alabama, and Georgia State among others. The college which grabs her will have a girl who has quickness, desire, and determination. Latrice has been a big influence on the rest of the team, and she was co-captain this year.

It's a long throw from the centerfielder **Mike Shepherd** to Catcher **Tony Shepherd**, but the runner is —Out! The Shepherd brothers do it again for the Southwest Baseball Team. Catcher Tony was the leading homerun hitter with five and a batting average of .393. Tony, a senior, is being scouted by UGA, FSU, Middle Georgia, Auburn, and Mercer among others. The centerfielder Mike is a junior who hit .375 this year and featured the strongest arm on the team. "He has mental quickness, a great attitude ... he's just an All-American guy," says Coach Ashley.

Even though this wasn't the greatest year in golf at Southwest, **Scott Caldwell** was again the low man and the Outstanding Athlete. Characteristic of his play is the incredible length of his drives, ability to keep the ball on the fairway, and his super putting. Scott, a junior, was voted the Most Valuable Player in golf for the second straight year.

Billy Brooks ... the key to Southwest's sound defense, simply because he is such a great pitcher. His consistency on the mound made him highly sought by many Southern schools and the big leagues. Billy is a dedicated ball player, who has a strong arm, and he has been voted Best Pitcher in the last couple of years.

Great!

The best playmaker in Middle Georgia has a home right here at Southwest. Of course this young lady is **Vonda Middleton**, a girl of considerable talents. She is being heavily recruited in the South by Mercer University, Georgia State, and South Carolina State for her abilities as a point guard and her scoring accuracy. Vonda showed her qualities by averaging sixteen points, five rebounds, and she dished out eight assists per game this season. Vonda, a great shooter, ball handler, and rebounder, attributed her achievements to hard work, willingness to improve, and plain God-given talent. Vonda was co-captain and made the All-city squad this year.

Gena Wilson, a senior, is the Most Valuable Player in softball this year. She stands very tall at the plate and is a strong and capable hitter. She is a hard-working athlete and a pure enthusiast of the game. This enthusiasm has fallen on the other players causing them to play well also. She has vast abilities and Coach Evans used every ability to its fullest this year. Though Softball doesn't get as much recognition as it should, there are players like Gena Wilson who would make you want to stop and watch her perform.

Jeff McBryant and **Shane Haygood** are an integral part of the 1982 version baseball team. Jeff, a junior, is a team leader who plays third base, shortstop and second base. Batting in the lead off spot all season with a whopping .353 average really pushed the team on to greater heights. Jeff was also noted for his strong defensive play all year. Shane, a junior, was the intense ball player who played pitcher, shortstop, and leftfield. Shane had a high batting average to go along with good pitching and good fielding abilities. Shane always played fired up and helped to motivate the rest of the players.

TIME OFF

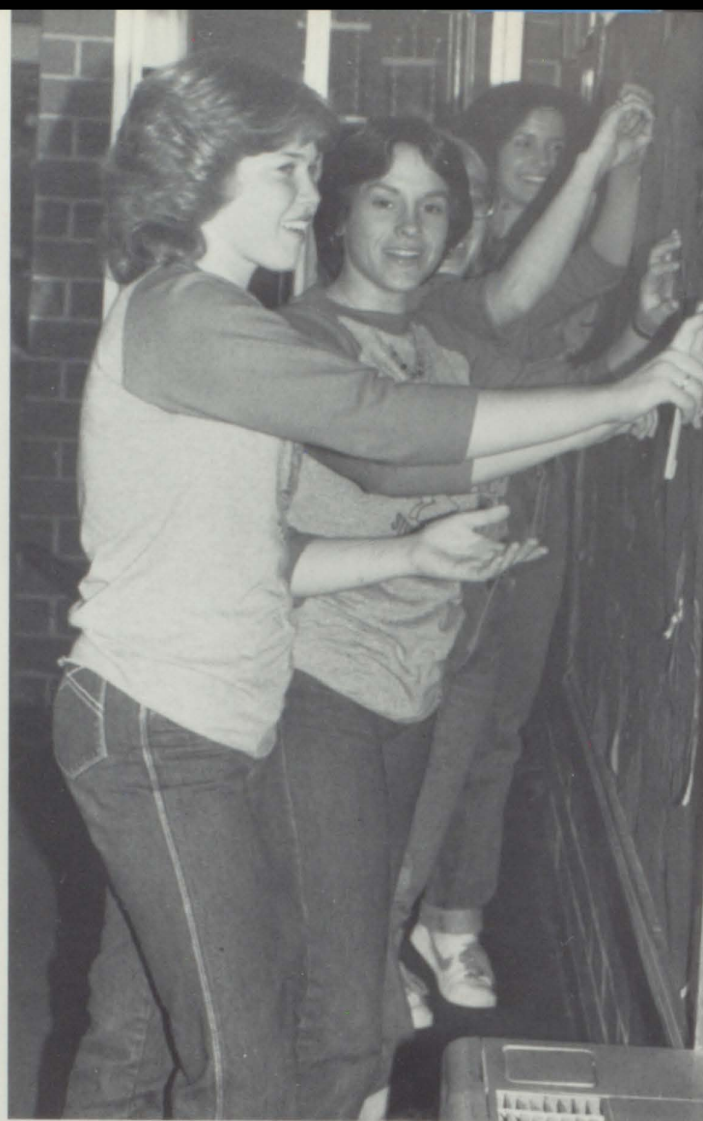

Everybody needs TIME OFF from lectures, discussions, studying and taking tests. Ours was packed with activities — concerts, assemblies, theater productions. These simple diversions varied our routines so much that at the end of the week, we often forgot to moan, "Thank God, it's Friday!"

Complex Council Leads the Way

Southwest would not be complete without its Complex Council — the heart and soul of the school. Sponsoring such events as Spirit Stick, Spring Fling, the May Festival, Homecoming, Goofy Goblin, Orange Crush, the Red Cross Blood Drive, etc., the Council promotes Southwest spirit. It has changed one of its activities, the Spirit Stick competition, extending it into a five month period with a series of events in which each class participates. The Complex Council is striving to get 100% participation from the Southwest students, and with its hardworking members, it will most likely succeed.

1. Sharon Lyles and Tim Busbee design Christmas candy canes.
2. Teresa Barron, Danita Hardy, Tara Taylor, and Kay Stuart create a bulletin board.
3. Shane Haygood and Linda Coger count money raised by Goofy Goblins.
4. Constance Sparks, Alex Lucas, and Kerry Evans paint a sign for American Ed. Week.
5. Ms. Stewart, Donna Corbitt, and Joanne Martin devise a calendar to issue throughout the school.
6. Eric Walker and Rhonda Morrison paint a sign for a contest.
7. The sophomores work together to better their class.

CRT Week: What Was Fun for Some Proved Brainracking for Others

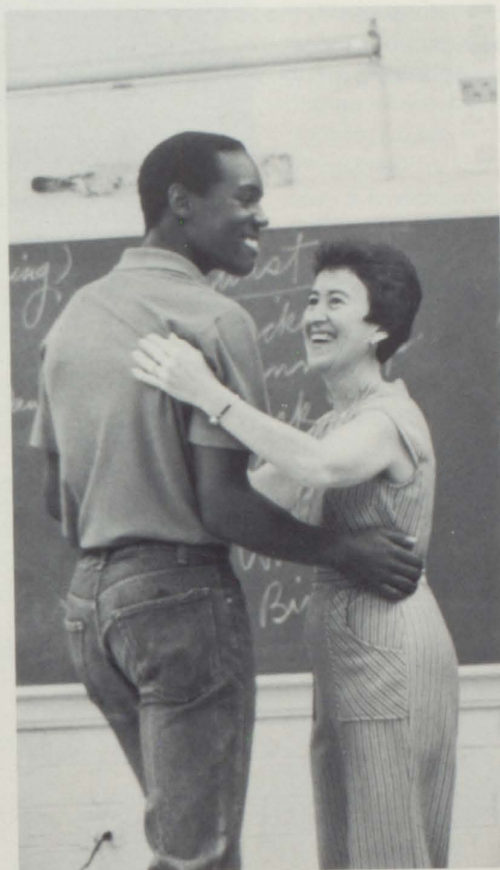

Academics ground to a halt during the entire week of October 5-8 as the Sophomores concentrated on the very important Criterion Reference Test. While the testing took place, various planned activities kept the Juniors and Seniors occupied. The Juniors took the ASVAB test, ordered class rings, and participated in mini-courses ranging from make-up classes to dancing lessons. The Seniors made crafts for spirit stick competition, held a talent show, and walked to Westgate Theater in the drizzling rain with about 500 classmates to see "Arthur" and "Mommie Dearest." While the Juniors and Seniors were certainly enjoying themselves, the Sophomores were really racking their brains over extremely important questions such as, "How many beans are in a five-gallon jar?"

1. Linda Keene concentrates on the C.R.T.
2. In addition to their class song, Seniors found "Raindrops Keep Falling on My Head" to be most appropriate as they walked to the Westgate Theaters.
3. The "Cowboys" (Calvin Hill, Larry Cotton, Victor Dennis, Clark Davis, Keith Williams, and Derrick Duncan) liven up the crowd at the talent show with their version of "Elvira."
4. Stephanie Hogan is introduced to the wonders of make-up.
5. Reginald Davis and Mrs. Richardson relive "The Last Waltz."
6. Jay Murray and Joseph Calhoun review the array of Senior Rings.
7. Participants wrap up the Senior Talent Show.

Goofy Goblins Raise Money

Goofy Goblin, an occasion in which elected Southwest Students raise money by walking around with pumpkins asking for student donations to aid residents of nursing homes, takes place the Friday before Halloween every year. This year, the Juniors collected the most money, followed by the Seniors and then the Sophomores. The grand total was \$609.82. At the assembly, the goblins dressed to show their humorous personalities, ending the whole day with spectacular excitement.

1. Quinton Tard as Kermit and Cindi Lanthrip as Miss Piggy.
2. Candy Lucas models her favorite wardrobe.
3. Eldridge Carter portrays the new Diana Ross.

The Last Drop of Orange Juice Dripped Away . . .

During the week of October 12 through 16, Student Council promoted spirit leading up to the Southwest versus Central football game. Beginning on Tuesday, the Southwest students participated in a street dance, followed on Wednesday by Hat and Shades Day. On Thursday, there was a double event; Jean and Jersey Day was accompanied by the traditional bonfire at South Macon Field. On Friday, a funeral was given for Central with the "Reverend" Murphy presiding, along with a large procession of mourners. As was planned, on Friday night Southwest actually buried Central 18-6, making the whole week an extraordinary success.

1. A large number of mourners turned out to weep at the funeral for Central.
2. Students move to the beat at a street dance.
3. Ms. Cliett, Ms. Proctor, Teresa Smith, Deborah Brown, and Ms. Stewart grieve the death of Central.
4. Mr. and Ms. Patriot lead the funeral procession of mourners.

Homecoming at SW: a Memorable Moment That Was Enjoyed by All

During the week of Homecoming, Student Council sponsored some spirit-raising activities including Country-Western Day, a football hunt awarded with candy, and a Jeans and Jersey Day. The most spirit was aroused when the Seniors, Juniors, and Sophomores competed in a Pre-Spirit Stick Pep Rally. The entire week was really a special occasion for the Southwest students already, but when our Patriots beat Robert E. Lee at the football game, a memorable Homecoming Dance was sponsored at the Hilton Hotel celebrating the football victory, the crowning of Melinda Jones for Homecoming Queen and Terry Brown as Mr. Southwest.

1. Brigitte Davis, Arthur Charman, Kim Davis, Jay Cook, Yolanda Pitts, James Ussery, Sissy Rezvanpour, Jack Harris stand at Homecoming Ceremonies.
2. Homecoming Spirit is shown throughout the Senior Territory.
3. Juniors display 1st place Homecoming Decorations.
4. As winners of the Homecoming Pre-Spirit Stick Competition, the Seniors really got pepped up.
5. Sophomores Shout! Shout! Shout! the spirit.
6. Judy Thomas, Calvin Hill, Debbie Jones, Mr. Shepherd, Melinda Jones, Jeff Brown, Bonita Brown, Angie Worsham, Joel Dawson stand at ceremonies.
7. Melinda Jones and Jeff Brown, accepting the title for Terry Brown, display their emotions after winning the roles of "Homecoming Queen" and "Mr. Southwest."

Atlanta Theatre Entertains SW

Students were filled with laughter as the four-man group performed in jeans and T-shirts with hardly any stage props. Their play was like a self-examination, "It's the way you walk, the way you talk, the way you move, the way you groove. It's the clothes you wear and it's the way you comb your hair!" They stressed the importance of making our own decisions rather than being influenced by others and ended with a song saying, "Whatcha gonna do? — Ponchellio look at you!"

1. "They don't like me, I'll never fit in with their group."
2. "She thinks she's so cute . . . taking my boyfriend."
3. "Good heavens . . . I wonder if he'll ever make a move on me."

SW Celebrates American Ed. Week

During American Education Week, November 16-20, Southwest held an essay contest on "Characteristics of a Good Teacher" in which Julie Webb, Sharon Lyles, and Cheryl Palmer won first, second, and third place respectively. The assemblies during the week featured guest speakers such as Dr. Williams, Mr. Bobbie Jones, and Terrie Austin, a dancer-choreographer from Kuumba Arts Studio. The Southwest Majorettes also performed a modern dance choreographed by Ms. Austin.

1. Paul Whitehead won the poster contest with the theme "American Education and You: Partners in Our Children's Future."
2. Ms. Blount and other special speakers talk to the students about education.
3. McEvoy A faculty and staff model their "Teachers Have Class" Shirts.
4. Julie Webb, Sharon Lyles and Cheryl Palmer (not pictured) were the 1st, 2nd, 3rd place winners of the essay contest.

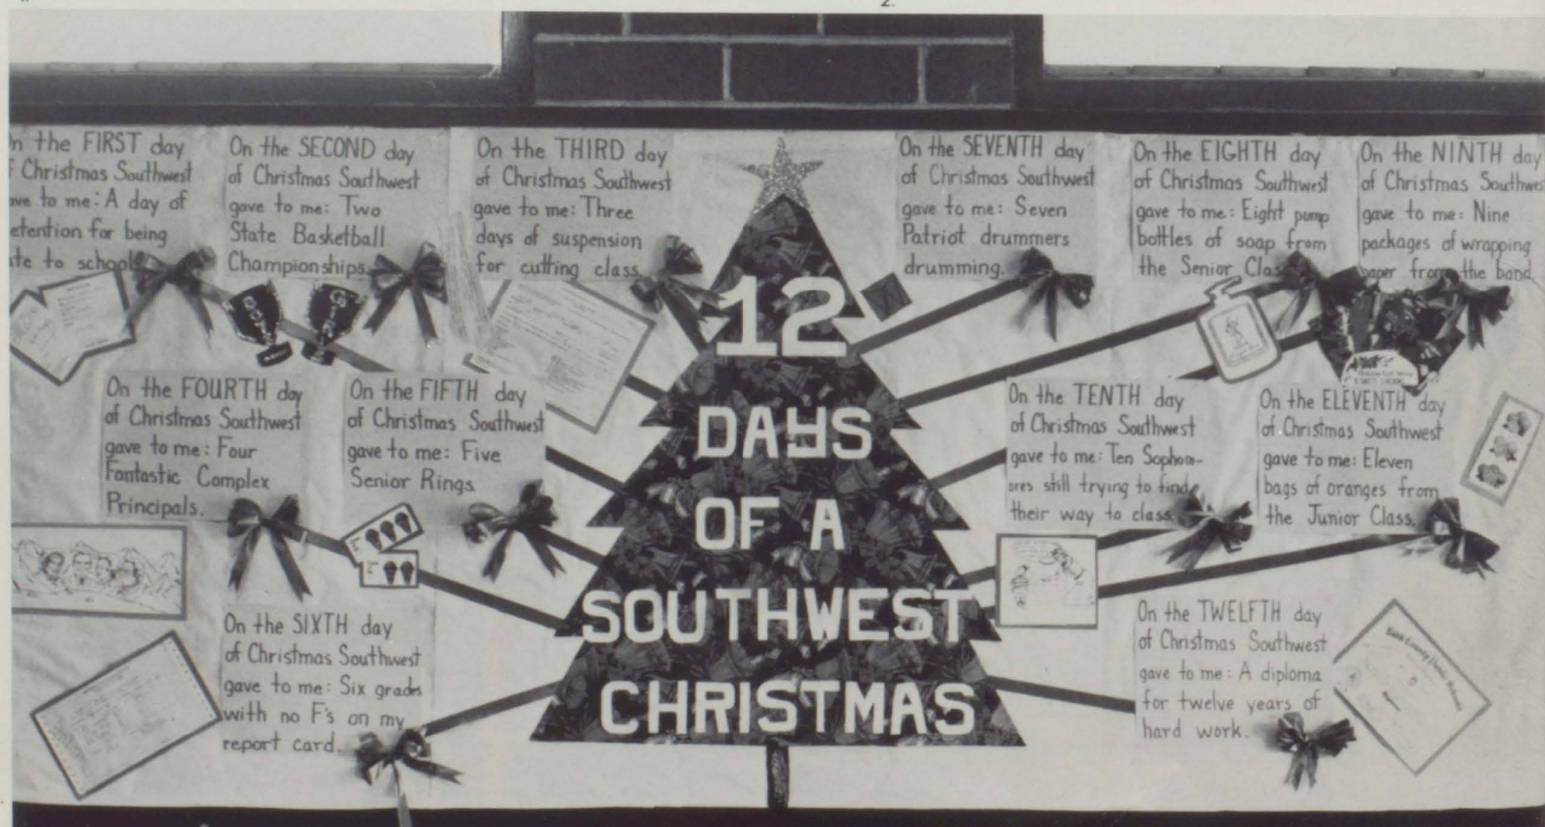

'Twas the Day Before Christmas . . .

And all through Southwest,
The students were jolly,
The school ended up a mess.
The buildings were decked with garland and balls,
And jingle bells were heard throughout the halls.
The Drama Club performed its best,
In "Puppy Love," a play
Which filled the hearts of all with joy
In a very special way.
The faculty and students gave
Their gifts to needy folk,
And teachers portrayed the twelve days of Christmas
Simply as a joke.
Assemblies were seen everywhere
With lots of cheer and bliss;
The day before Christmas . . . Why, oh why
Can't every day be like this!!

The Life You Save May Be Your Own

About 115 pints of blood were collected this year at the Annual Blood Drive sponsored by Student Council on December 2, 1982. Participants had to be 17 and weigh at least 110 pounds. Volunteers were asked to answer questions about their past medical history, prove their age, and read a short pamphlet on giving blood. A nurse took the donor's blood pressure, temperature, and pulse, and performed a blood test. After giving blood the donors were taken to a table for refreshments. The entire process took 20-30 minutes after which each donor was awarded a sticker that read, "Be nice to me, I gave blood today!"

1. Angela Eubanks moans, "And they said it wouldn't hurt."
2. Mark Morgan exclaims, "Oh Gosh! When will this be over?"

225 Wins Red Cross Drive

The McEvoy B FHA sponsors an annual Red Cross Membership Drive. This year Mrs. Cook's supervision won the competition by collecting \$44.86. Their prizes included an engraved plaque, a framed certificate from the Red Cross office, and coupons from several fast food restaurants. Money collected is sent to the Red Cross. However, the school can request funds to be used for the beautification of our campus and safety of our school's students.

Spirit Stick Inspires Competition

During Bounce-Around Week, Feb 1-5, students took part in such activities as Headband Day, Warm-up Suit Day, Tennis Shoe Day and preparation for Spirit Stick Competition on Thursday and Friday. On Thursday the Sophomores fell to the Seniors. Then excitement mounted as the Seniors and Juniors prepared for competition. The gym remained open until 9:00 and both classes stayed to paint creative signs. The next morning at 10:00 judges from outside our school watched in amazement as almost two thousand students filed into the gym in total silence. The lads and lasses were introduced from the opposing sides as the classes yelled with laughter. At a motion from the spirit stick, the main competition began. Both classes were excellent, unified, and just plain great. All the points were tallied from previous contests, such as building decorations, sign contests, attendance, etc., and would you believe . . . the Juniors tied with the Seniors, the first time a tie has resulted in the seven year history of the contest.

1. The Senior lads and lasses fire up the Super Seniors.
2. The Sophomore lads and lasses perform a walking stick routine.
3. Eli Herring and Tina White participate in the Warm-up Suit Day.
4. Junior lads and lasses strut their stuff.

Snow Days! It Was Like Fun in the Sun . . . Almost

The night before you probably had thought of staying out of school for a couple of days. Little did you know that when you woke it was going to be freezing cold. The ground would be covered with snow. The next few days turned out to be filled with snow fights and snowmen. It was also remembered as a dismal couple of days for many people who had to live without electricity. Even more tragic, the snow days were made up on warm Saturdays.

1. The WA building became lonely as it suffered through the snow days.
2. Brian Gonzales uses Grant Flemings to experiment with his "Project Snowbomb."
3. Octavia Denkins creates her own little "Frosty."

2.

3.

Audrey Harden- "I enjoyed the snow and I thought it was nice to have so much of it. I really had a lot of fun making a snowman, walking around, and playing in it. I didn't mind coming to school (on Saturday, Feb. 6), but I didn't like getting up so early."

Leonard Eubanks- "The snow was great! It reminded me of a huge white blanket covering the ground. I threw a lot of snowballs and had fun playing in it. I'd rather have made up the days we missed at spring holidays because coming on Saturday messed up people's wekeekend."

Katrina Jackson- "I like playing in the snow, but it was awfully cold. It was bad too because it caused a lot of accidents and kept a lot of people out of work. I didn't mind coming to school (on Saturday) as I didn't think about my cartoons."

Eddie Glass- "The snow was right, but I didn't like making up on a Saturday (Feb. 6) would have rather stayed home and watched the toons. I'm really dreading next Saturday (Feb. 20) if we have to attend school."

Why Did You Buy an Annual?

It seems to be a tradition: Ms. Bell's supervision 210 has been number one in Annual Sales for a number of years. Her students have done it again. Supervision 210 is part of the main stream of campus life. The students are involved in everything, including Beta Club, Chorus, and Complex Council. There are outstanding basketball players, beauty contest participants, Senior play participants, track team members, and even an Outstanding Senior. This supervision has also collected the largest amount of money for the P.T.S.A. for the last five years. Four members of the supervision have perfect attendance and four have been accepted to colleges.

FRONT: Sharon Hurto, Lucinda Wright, Scott Shumate. MIDDLE: Dana Jordan, Sandra Johnson, Kim Smalley, Sharon Edwards, Patricia Foskey, Kwajelyn Washington, Jacquelyn Fenn, Calvin Fleming, Katie Stephens, Nona Spikes. BACK: Jerome Carter, Douglas Davis, Hubert Reddish, Dorothy Davis, Larrice Wallace, Tina Hallock, Jerry Hamlin, Dodd Hamlin, Ricky Brown, and Robbie Riley.

Jerry Hamlin — "I bought an annual to give me something to serve as a personal reference book of my friends and teachers, and to help me remember the best years of my life. It's a great book to help me remember my Senior year at Southwest."

Sandra Johnson — "I bought an annual to remember my Senior year, to remember how my friends looked, and to remember all the fun, such as Spirit Stick and Pep rallies and Homecoming that we had during my final year."

Nona Spikes — "I bought a Southwest annual to see the activities, remember the people, and to show my children how I looked when I was in high school. I also bought an annual because it's a great reference and it brings back good memories."

Ricky Brown — "I bought a Southwest annual for remembrance of school spirit, to remember all of my friends, and so I will have something to look back on and to show my kids what I looked like when I was a Senior."

Assemblies Add Spice

A number of assemblies brightened Southwest this winter. Our own students sang and danced in the Junior and Senior Talent Show on March 15. Earlier in the quarter, our campus was visited by two choruses and a band: Duke University Chorus, brought to us by a former student, Mary Srenson, and the Morris-Brown Chorus, and the Army Showband Concert. On March 3, Tom Brewer, a victim of throat cancer, impressed all of us as he spoke and sang through a device known as a laryagophone. Teenage alcoholism is on the rise and Colonel McCunneth, who was concerned with this subject, spoke to the students on March 22-25. Several different skits taken from excerpts of Shakespearean plays and American Literature held the interest of many English students twice during winter quarter. Mosely Dixon, a Shakespearean expert, and his assistant acted out parts of many characters. To celebrate Black Emphasis Month, several students assembled from the Afro American Literature classes and performed a well-organized program that was a tremendous success with our students. This program gave the ordinary classroom people a chance to show that they too have talent.

1. Tina McKinley spoke to students during the Afro Emphasis assembly.
2. Caroline Davis performed at the Junior-Senior Talent Show.
3. Carol Glover, Gerald Mack, Pamela Moore, Herbert Wade, Vonda Williams, and Carol Green portray Slaves in the Afro Emphasis Assembly.

Civinettes Sponsor Womanless Pageant

The Southwest Civinettes held a Womanless Beauty Pageant on March 18. Contestants included Paul Whitehead (Pauline), Marty Bardash (Marsha), Tracy Taylor (Trisha), Shane Haygood (Charlene), Jeff McBryant (Jaqueline), Randy Griffin (Randeline), Mike Shepherd (Renee), Ralph Troutman (Raquel), Jay Gunter (Jaysephine), and Ricky Leach (Risa). They participated in evening wear, talent, and swimsuit competition. Raquel Troutman was crowned Miss Southwest, given a bouquet of flowers, a trophy, and two free passes to the movies. First runner-up, Jaqueline McBryant, and second runner-up, Charlene Haygood, received trophies. Proceeds from the event will benefit retarded citizens in the Middle Georgia area.

1. Raquel Troutman is crowned Miss Southwest.
2. The five finalists Raquel Troutman, Jaqueline McBryant, Charlene Haygood, Pauline Whitehead, and Marsha Bardash, are interviewed by Danny Smith.
3. The QUEEN was surrounded by an excited mob of her admirers.

Seniors on Stage!

The 1982 Senior Play, *Stranger in the Night* centered around the misfortune that falls upon two 'fun-loving' girls who run the Boulevard Hotel Book and Gift Shop. The girls, Sylvia Lee and Mable Crane, learn from a reporter, Grant Terry, that the shop is to be the center of a plot for murder. As the cast becomes aware of the plan of murder, each character gets the idea that he or she is about to be murdered. The play showed the humorous things that a person will do when they find out that they are going to have to pay for some trouble they may have caused. The victim's name was hidden in a box of stationery located in the shop. The victim was J. T. Rutledge. However, Grant Terry substituted his own name as part of the plan to capture the murderer. The play was humorously accented by the love affairs between Nona and Eddie, Cliff and Mable, and Sylvia and Grant. The laughter climaxed when the lady wrestler, Sandra King, decided to take care of the guilty party, Sam Fisk. The 1982 Senior Play was a great success and was enjoyed by everyone who attended it on April 15-16.

Spring Fling Provides Funds for Clubs and Enjoyment for the Student Body

On Friday, April 23, 1982, the Student Council sponsored the annual Spring Fling! Students were allowed a double lunch period in which they walked around the soccer field participating in activities sponsored by various clubs. Among the activities were Student Council's Cake Walk, Science Club's Balloon Sell, Pep Club's dunking Booth, and the WA Beta Club's Bobbing for Apples. Thanks to Student Council, the day was a success with the students and faculty.

1. Pep Club's Dunking Booth was definitely a unique way of cooling off.
2. The sponge throw proved to be a great way of taking out one's frustrations.
3. Students enjoyed searching for familiar faces in Annual Staff's Photo Sale.
4. It has been known that man will do anything for food, but isn't this going a little overboard?

Style . . . It Keeps on Changing

Teenagers' dress ranged from the rugged western look like the "Urban Cowboy" to Oxford-cloth and designer jeans, from classic "preppy" to crazy "punk." The "preppy" look featured wool skirts, button down shirts and tailored pants. Print blouses with ribboned collars were popular. The alligator, polo, and fox became signs of the year. The "punk" look resembled loud and strong music characterized by bright colors and large patterns. Designer jeans were the hottest craze in fashion. The status symbols of Calvin Klein, Gloria Vanderbilt, Jordache, Pierre Cardin, and Sasson were several styles that ended the saying that jeans were "knock-around" clothes. Hard-soled, narrow-toed shoes were worn with most fashions. Although change in fashion was common, students still love the most — t-shirts, Levis, and tennis shoes.

Faces in the News and Reviews of 1982

Tom Selleck: Meet the man they're calling the Clark Gable of the 80's. At 36, he's got the body of an NFL linebacker (6'4", 200 pounds), the head of a viking sea lord, a brilliant mind and more than a touch of talent. In "Magnum P.I." his hit CBS detective series, Selleck is a laid back guy who lives the easy going life. In this past year Selleck has become the hottest hunk in showbiz.

Brooke Shields, the teenage actress: Her agent John Casablancas describes her as "A bit of sex, and a bit of innocence; distinction yet the warmth of youth." She lends her beauty to an advertising aimed at deterring other young people from smoking. Her hottest role has been in the movie *The Blue Lagoon*.

Carol Burnett, a queen of comedy: Few entertainers are as widely beloved as Carol Burnett. Unflinchingly in the public eye for some 25 years, she has remained above reproach, both professionally and personally. Her homey, gawdy comedy style is touched by a transparent humanity.

John Belushi: He led a life that guaranteed death at an early age. Excess was a life style for Belushi; he was a man without a sense of limits. Those who knew him recalled his last week indulged in a staggering spectrum of chemical diversions, but it was known that he was an exceptionally creative and brilliant man. Belushi, 33, who died March 5, starred on "Saturday Night Live" and in *Animal House*.

Walter Cronkite: He left his role as managing editor and anchorman of "The CBS Evening News," a position he held since April 1962.

Political turbulence and the problems of unemployment and urban violence were forgotten for a day when **Prince Charles and Lady Diana Spencer** were married in St. Paul's Cathedral on July 29, 1981. The ceremony was televised and watched by 700 million people throughout the world. When the bride stepped out of her glass coach at the cathedral, the princess-to-be wore a wildy romantic creation of ivory taffeta and lace with 25 feet of train that cascaded behind her up the cathedral steps. Now the Princess of Wales is expecting a royal heir in June 1982.

11.

Wayne B. Williams: He was sentenced to life for the murder of two black youths in one of the most puzzling mass murder episodes in U.S. history — the slaying of twenty-eight young blacks in Atlanta, Georgia over a two-year period. One of the major aspects in this trial was the use of fiber evidence which was enough to prove Williams guilty.

John Hinckley: The desire to win the affection of Jodie Foster, who co-starred in the movie *Taxi Driver* was what, Hinckley claimed, drove him to shoot President Reagan. On March 30, 1981, President Reagan was shot in the chest as he left the Washington Hilton Hotel. Hinckley was arrested at the scene.

The Sports year was full of people in the news. **Herschel Walker**, the University of Georgia running back, had an exceptionally good season and was again denied the Heisman Trophy. **Norm Nixon** of the Lakers, and formerly of Southwest, also hit the spotlight as his team won their second NBA championship in three years. And how 'bout them **Braves!** Yes, the Braves are finally making a name for themselves; they led the NL West and started the season with a record thirteen game winning streak.

Barbara Mandrell: Her girlish sex appeal, pleasant way with a tune, versatility on four instruments and refreshing sense of humor helped her make Nashville history when the Country Music Association voted her Entertainer of the Year for the second year in a row. Her NBC-TV series, "Barbara Mandrell and the Mandrell Sisters," swept the fans throughout the nation. "I was country when country wasn't cool," was her number one hit.

Sandra Day O'Connor: When she took her seat on the Supreme Court of the United States on Sept. 25, 1981, she set the latest in a series of historic precedents. O'Connor is the first woman ever to receive this honor.

Movies: The silver screen included such box office successes as *Stripes*, *Arthur*, *On Golden Pond*, *Porky's*, *Raiders of the Lost Ark*, *Taps*, *Red*, and *E.T.*

Golden Eagle Award Goes to Melissa Averett

The Golden Eagle Awards, sponsored by the Macon Telegraph and News, honors students for academic and leadership achievements. One hundred and twenty-one seniors from twenty-seven high schools in Bibb and surrounding counties were nominated to fill the eleven categories: art, citizenship, drama, English, foreign language, industrial-vocational, journalism, mathematics, music, science, and social science. The selection process begins with teachers nominating seniors in each of the eleven categories. Department heads then meet to check grade point averages and discuss the involvement of each student in school and community activities. Finally, they narrow each category to one senior who then prepares himself for competition against as many as twenty-seven seniors in the area. The winners in the eleven categories receive a trophy and \$300. The students chosen for honorable mention in each category receive a plaque and \$50. Mr. Jody Powell, former press secretary to President Jimmy Carter, was the guest speaker at the event held at the Grand Opera House.

Our very own **Melissa Averett** won the Golden Eagle award in the art category. An accomplished photographer, she composed a portfolio of people and explained how important it is to accept them as they are. She is also an accomplished musician, playing both guitar and piano, singing, and composing songs. She is a certified lifeguard, knows karate, and is the editor-in-chief of the *Spirit of '82*. Melissa is a multi-talented girl, who uses her talents to benefit others.

The Star Students for 1982 are Felecia Killen and Cliff Menchew. The selection of Star Students is based on their SAT scores which were tied, both making 1250. The Star Teachers for 1982 are Mrs. Margaret Faircloth, chosen by Cliff Menchew, and Miss Mary Weaver, chosen by Felecia Killen. The teachers were chosen by the students because of their involvement in the educational and/or personal development of the students.

Southwest Students Earn More Awards

1. At the Macon Junior College on May 20, 1982, Julianne Johnson and Denson Churchill were the winners from Southwest in a literary contest. Denson won 1st place with a science fiction story and he also entered a poem into the contest, while Julianne placed third with her story on "Suicide." Julianne said, "I gained better knowledge in comparing short stories from many area high school students and was impressed with their writings."
2. Special consideration goes out to the SW art exhibit which won 1st place county wide over both public and private schools. The exhibit, made by more than 60 people and advised by Mrs. Cox and Mrs. Lamb, was displayed at the Macon Mall April 14 through April 20, 1982.
3. Government was the key to the 36th Annual Girls' State held at the Middle GA. college in Cochran, GA. Southwest's own Kwajelyn Washington, Liz Coré, Tammy Anderson, and Kim Smallwood participated in this event held June 14-20, 1981. Each year, several girls are selected by the American Legion to learn about the government and the way bills are passed into laws. The one week stay was a fun-filled activity where two groups were chosen (House of Representatives and Senate) and the girls were placed in imaginary cities. Kwajelyn Washington stated, "I enjoyed it. At first I wanted to go home because of disinterest. But as time passed, I really enjoyed it and didn't want to go because I would miss all the new friends I had made."
4. Robert Glotzbach and Kim Carter are the 1982 winners of the Annual Oratorical Contest sponsored by the Riverside Optimist Club. Each student, representing several area high schools, had to write a speech on the theme, "You and I and Tomorrow." Kim Carter, winner of the girls, feels that "discussing the future is a big step for young people and that it is good experience to speak publicly in a competitive atmosphere." Robert, winner of the boys, is very proud of Kim and himself. Kim and Robert received certificates and medals and a second place when they went to regional competition.
5. The intern program is a program which gives students experience in the career of their choice by working with a professional in that field. The program is open to all seniors, though a 3.0 average is preferred. The student chooses the career he is interested in and is placed with a local professional in that field. By the time a student has completed his internship, he should have decided whether that career is the one he is really interested in and wants to be educated in. Students can intern up to six periods for one quarter or three periods for two quarters. The 1982 interns were

6. The Miss Sweetheart Coronation, an annual event sponsored by the Pep Club, was held this year to raise money for the all sports banquet which took place on June 3rd. A total of 45 girls were nominated by the males of each class. The total was then reduced to 15 girls by another voting by the males which took place in homerooms. Each girl chose an escort to the Coronation ceremony which was held Thursday, Feb. 25. Joy Cagle, a junior, was chosen as the Sweetheart of 1982. Joy is a member of the Photography club and Academic Bowl team. In her spare time she enjoys skiing, swimming, archery, golf, and running. Of all of Joy's hobbies, running is her favorite; she runs three miles a day. Joy said that her feelings were a mixture of disbelief and gratitude when they called her name at the announcement of Miss Sweetheart. When she received her flowers and crown, she went to her father and gave him a hug. "My dad gives me encouragement," Joy said. With the title, Miss Sweetheart, comes a check for \$50.00. Joy received her money and promptly went to the gas station, got filled up, and went to Hardee's the next morning for biscuits. That is another one of Miss Sweetheart's hobbies, eating Hardee's biscuits.

7. In the Regional Science Fair held at the Macon Mall, Zenephia Elaina Evans and Darryl Hancock placed highly among many Bibb County students. Elaina placed 2nd with her project on "Dark and Light Reactions of Pylatin of Corn Starch." Her finish took her to the State Science Fair held at the University of GA. in Athens where she received 1st place. This finish took her to the National Science Fair in Houston, Texas. Elaina also received a Resolution award at the Museum of Arts and Sciences Honor Banquet. Darryl Hancock placed 1st in the Regional Science Fair with the project "How Does the Pit of the Soil Affect the Microfauna Population?" This project won him 1st place in the U.S. Navy Awarding which will enable him to possibly go to the National Science Fair. Other awards are a 2nd place Resolution from the Museum, 2nd place in the Zoology Division and 3rd in Agronomic Science Award.

8. Kerry Evans received three awards in the area of citizenship: Best Citizen of Southwest, for which he was nominated by senior vote, second place in the Soroptomist International Youth Citizenship award sponsored by the Soroptomist International Youth of Macon, and the Golden Eagle nominee in the area of citizenship, sponsored by the Macon Telegraph and News. Some of the characteristics of these citizenship awards concerned academic achievements, character, personality, and good moral standards. Kerry is a member of the Pep and Beta clubs and was elected to Student Council as the Senior Class Secretary. He played on the Varsity Basketball team, participated in the Upward Bound Program at Mercer University, and school events such as the annual SW clean up day. Mr. Kerry Evans . . . a top citizen!!

Mrs. Margaret Faircloth Honored as Bibb County Teacher of the Year

Mrs. Margaret Faircloth is Bibb County's Teacher of the Year for 1982. Mrs. Faircloth was nominated by the MA faculty. She then submitted an application, answering questions about her professional preparation, teaching experience, educational and civic services, and general philosophy of teaching. Applications were reviewed by a committee chosen by the Board of Education. Mrs. Faircloth was chosen as one of the three to be interviewed by another committee, and after the interviewing of those three, she was selected as Teacher of the year. When asked her feelings about receiving this award, Mrs. Faircloth replied, "I am honored and flattered. It makes me want to work harder and do a better job." When Lori Alliston was asked her feelings about Mrs. Faircloth, she replied, "She is a very helpful and understanding teacher. She would explain something 100 times if she thought it would help us understand better. She is also very well organized, which helps us to be more organized."

Scholarships and Awards Presented

Awards, awards, and more awards were given on Friday, May 28, to Sophomores, Juniors, and Seniors. Scholarships highlighted the Seniors Honors Day in which awards ranged from \$32,000 from Brown University awarded to Felecia Killen to \$50 bonds awarded to René Brown and Barry Marchman from the Melvyn Williams Fund. Junior-Senior Prom Fulfills a Night of "Unforgettable Dreams"

For some, the 1982 Junior-Senior Prom may have been a dream-come-true; for almost everyone, it was a night full of "Unforgettable Dreams," this year's theme. Entertaining was the group Bones, Holmes, and Friends. Their performance included "Oh no" recorded by the Commodores; "It's Gonna Take a Miracle," Denise Williams; and "Unforgettable

Dreams," recorded by the Barkays on Mercury records. The sparkle of the night's affair was enhanced by the dresses which included such fashions as "Southern Belle," Flair dresses with T-strap, and "Splits." The young men also added an extra sparkle in their tuxedos. What a night it was — a night of "Unforgettable Dreams."

Sophomores and Juniors Win Awards

Junior Honors Day began on a somber note on Friday, May 28, 1982 as all Juniors held a silent prayer in honor of Keith Knight and Benny Pieaster. Perfect attendance awards followed with Kim Johnson receiving an award for the longest attendance record for seven years. In addition to the usual awards, individual awards were given to Anita Alliston and Linda Coger from the Danthrip Youth Foundation; Ricky Johnson for the highest ASVAB score in the Nation; Susan Hopper who received an award for Academic and Athletic achievement; and Tim Beasley for art excellence. Bruce Rouse was named the Editor-in-Chief of the *Spirit of '83* and Susan Parker was named Editor-in-Chief of the *Patri-Article* for the 1982-83 school year. Junior Honors Day ended with the presentation of the Spirit Stick to the Juniors from the Senior Class President Ralph Troutman.

Several special achievements marked the Sophomore Honors Day. Vangie Brantley was acknowledged for having ten years perfect attendance. Every student with a 4.0 or above grade point average was given a cup (trophy) and a certificate. Elaina Evans and Mary Hall received top sophomore academic honors. LaTangelia Murray was given outstanding recognition in the area of achievement from the National Merit Award from Atlanta, GA. The annual staff advisor also gave special awards to eight sophomores on the staff, with recognition to Maurice Green who was named Assistant Editor of the *Spirit of '83*.

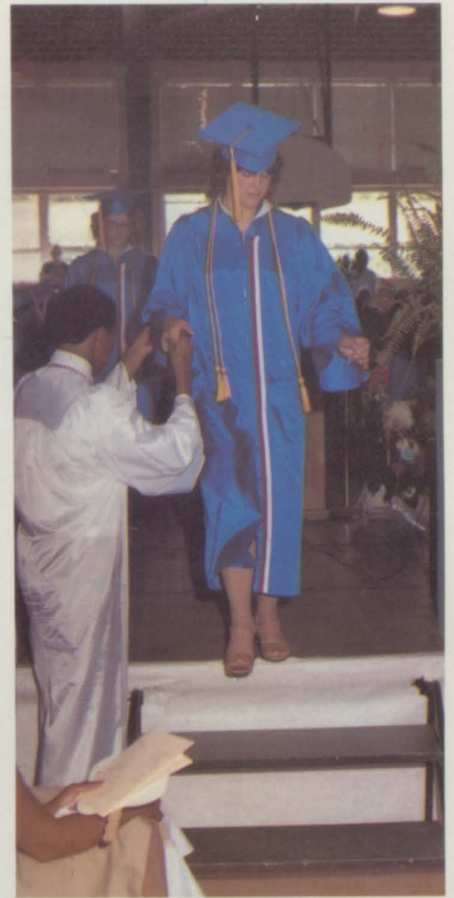

Hail to the Class of 1982

Seniors Receive Top Honors

Although the purpose of Senior Honors Day is to recognize all seniors for achieving one of the most important milestones in life, many special achievements were acknowledged. Scholarships, plaques, and certificates were awarded to club presidents and senior class officers and to those who have excelled in specific areas: science, math, English, and photography (refer to pages 90, 91, 94, and 95). In addition to academic and athletic awards, the eighteen students receiving perfect attendance for this year were noted with special recognition to Ralph Troutman and Jerry Couch (7 years) and Kwajelyn Washington (10 years). Mrs. Amos recognized his photographers Arthur Moore, Jeff Bridger, and Alex Merriweather. Best actor and actress in the Senior Play went to Bernard Solomon and Cheryl Palmer. The 1982 Principal's Award that symbolizes loyalty, service, and leadership was presented to Teresa Barron (lower right).

and Graduates

On June 10, 1982, at 8:15 p.m., the Southwest Graduation Exercises were held in the Macon Coliseum. At 7:00 p.m., the seniors began arriving to prepare for their final gathering as a class and to say their last goodbyes to friends and teachers who had played such an important role in the past twelve years of their lives. Finally, the long march began as senior after senior came face to face with the reality of the occasion and the depth of its meaning. The ceremony began with the invocation given by Barbara Davis. Felecia Killen and Joe Ludlam tied in grade point averages; they therefore became first and second speakers respectively. The first, Felecia Killen, discussed the facing of difficult decisions and how in the past we often had gone along with the majority, but now and in the future, we must make our own decisions. The second speaker, Joe Ludlam, spoke on the way the past twelve years had aided in our growth intellectually, physical-

ly, and emotionally. He also stressed Plato's advice to "strive for balance between mind, body, and soul." Kerry Evans, chosen by the senior class as third speaker, expressed the importance of defeating our challenges and refusing to allow ourselves to become quitters. After the issuing of diplomas, the Senior class and the Southwest choir, directed by Mrs. Doris Terry, sang the "Song of Farewell." Following the benediction, given by Ralph Troutman, the new graduates left the coliseum with emotions ranging from joy, pride, and happiness to sadness, after reaching a goal they had set twelve years before as innocent children unsure of the future and themselves. After graduation, thirty-two graduates left at 12:01 A.M. for the long bus ride to Florida where they would board the "Amerikanis" for their Senior cruise to the Bahamas. While there, they enjoyed such activities as scuba diving, water skiing, and shopping in the straw markets.

1. Southwest Spirit still resides over the "Super Seniors" as the time grows nearer for graduation to begin. 2. and 3. Speaking is not the only "talent" possessed by this year's senior speakers. 4. The wait is a long one as row after row of seniors line up to receive their diplomas. 5. The smile of achievement expresses happiness better than words. 6. "Look mom, I made it!" 7, 13, and 14. "Saying it with a hug is easier than putting your feelings into words." 8. Thomas Edison Prescott III feels there are some things worth waiting for. 9. With graduation finally over, some people let it all out! 10. Benjamin Burch discovers a new way of keeping graduation memories. 11. Seniors enjoy a final gathering with their friends while waiting for the ceremony to begin. 12. "I did it! I really did it!"

UNITY

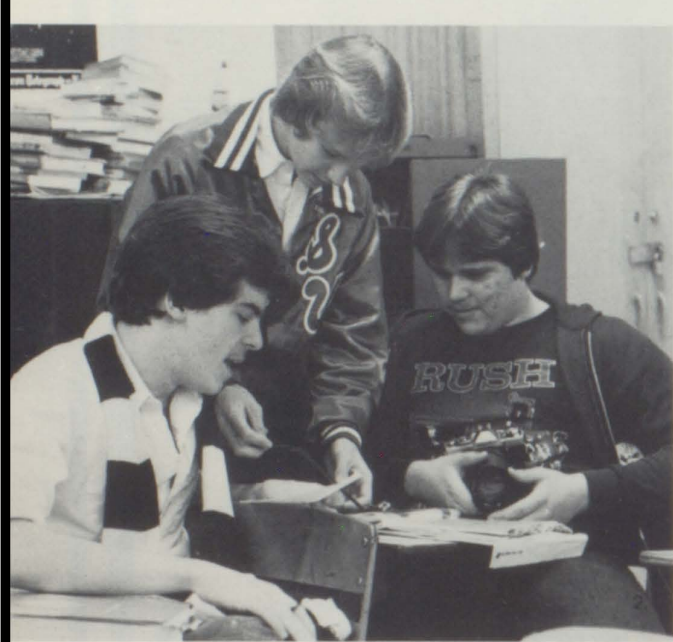

Through UNITY, we learn the importance of team work and responsibility as well as the self-satisfaction of accomplishment in volunteer service and interest clubs. Many a club struggled through car washes, candy, pin and banner sales to offer such services. All our conflicts and struggles only made us a stronger and a more united team. Just being together made our work seem simple.

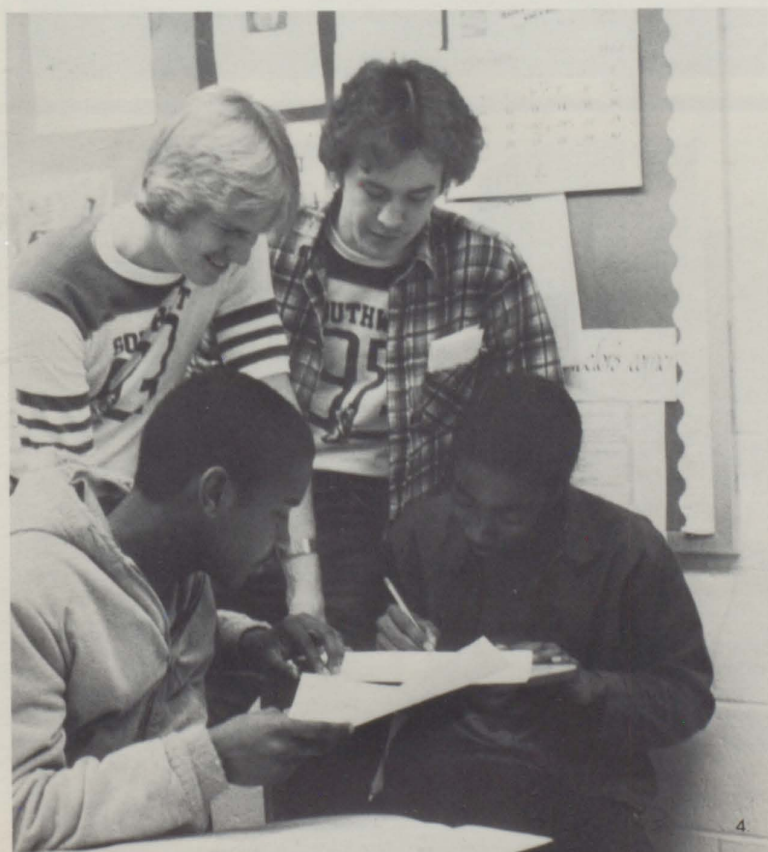

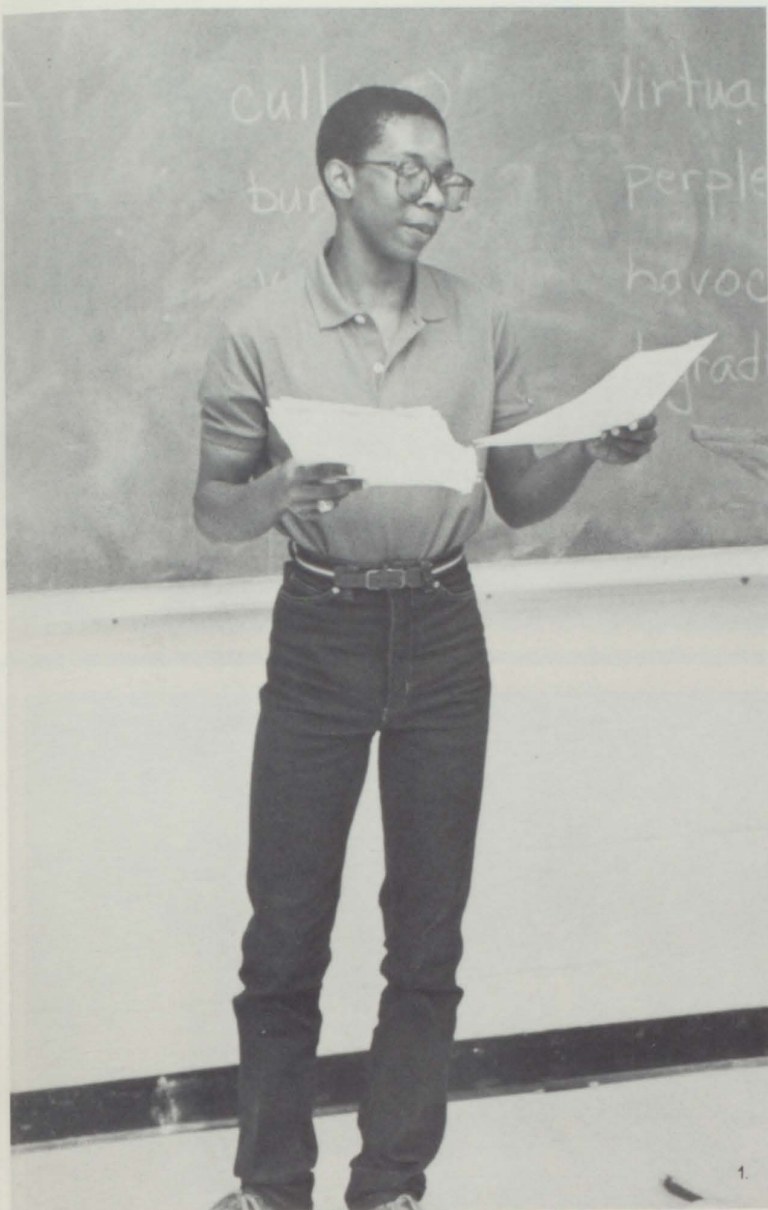

Patri-Article

Weary, tear-filled eyes; tired, aching muscles; and bruised fingers are all representative of the '82 newspaper staff. Countless hours were spent at the printer reading, revising, typing, editing, laying-out and folding the finished product — **The Patri-Article**. Twenty-two enthusiastic staff members then went out and peddled the "new and improved" paper. The Music Box, a column dedicated to the ins and outs of the music industry, the campus poll, a student opinion poll, and news briefs, a synopsis of various school activities, were just a few of the new features that helped make 1982's Patri-Article entertaining and informative.

Montage

The **Montage**, as the title indicates, is a collection of poetry, artwork, and photography submitted by students from all six buildings of the SW complex. Most of the contributions, however, are submitted by members of the staff, which is made up of students in the creative writing and publication classes. During fall quarter, the students are required to turn in work on a weekly basis to be used in selection of material for the magazine. An editorial staff selects and proofreads the copy that will be used at the end of the quarter. The material is typeset, proofread and laid out winter quarter and given to Bibb Tech Print Shop for printing at the beginning of spring quarter. Anthony Staples, a three-year staff member, contributed the majority of the artwork in the 1982 volume. He was responsible for both the cover design and illustrations. Teresa Barron, also a senior, but new to the staff, wrote several outstanding poems that were published in the magazine. Merlene Eleam was the editor, and Melanie Booth, the advisor.

ROTC

Are our students becoming celebrities? It would seem so since the United States Army is filming them to be on national television. The reason for this honor is that the Southwest ROTC was chosen as the best in the nation with a perfect score of one hundred points, which has never been done before. Stepping to the best of their captain's voice, the ROTC performs in numerous parades during the year. One example is the Rose Parade, performed at Thomasville annually. They perform at homecoming, Macon Junior College, and many times at Central, which is where they practice.

Band

"Band, attend-t-hutt" — "Southwest High." "Tweeter, Tweeter, Tweeter, Tweeter — Ready, two, three, four." People everywhere respond when the Marching Patriots of Southwest Band cover the football field and perform, for they know when they hear Southwest, they have heard the best. Each year the Marching Patriots sacrifice a short summer vacation for a long summer band camp, emphasizing "PRIDE" as their motto. Such a motto has taken them far! The Marching Patriots performed in ten regular season football games. Popular songs, "Elvira," "Nine to Five," and "Virginia Reel," delighted the crowd in a marching band rivalry against Warner Robins. For the Homecoming game, the band played the theme song, "Still," originally composed by the Commodores as the Homecoming Court gracefully took their walk. At the game of the century, (Southwest vs. Central), the football game, with Southwest ahead, brought smiles to faces, but the band highlighted the occasion by demonstrating their dancing skills while playing to the sounds of Roger, entitled "Grapevine." Other selections for the show included "Give Me the Night," and the number one song of that week, "Lady, You Bring Me Up." When football season ended, the year of the Patriots only began. The Marching Patriots, composed of the Concert, Symphonic, and Jazz Band members maintained a demanding schedule. The Marching Patriots participated in the Thanksgiving and Christmas Parades and in the Rose Parade in Thomaston.

Jazz Ensemble

The Jazz Ensemble, under the direction of Mr. Oscar Jackson, received superior ratings in festivals convened at Augusta, Valdosta, and Fort Valley. This Jazz Ensemble was the only band from Georgia to perform at the National School Band Association held in Atlanta with an 18,000 registered attendance. They also have played in various pageants such as the Miss Macon Pageant and the Miss Afro-Macon Pageant during the winter quarter.

Chorus

"United we stand, divided we fall" is the motto of the chorus even though it is essentially divided into five groups. These groups usually perform at the same concerts.

The **Jazz Rock** section of chorus is a group of young men and women who perform contemporary vocal jazz and rock gospel. They have performed at several school assemblies, Macon Junior College, and at an NAACP banquet.

- 1) Jazz Rock sings gospel music at Macon Junior College concert.
- 2) First row: Kathy Daniely, Vequelia Hagan, Theresa Peace, Kimberly Patterson, Angela Middlebrooks, Debbie Trull, Carol Glover, Hope Lones. Second row: Reginald Lundy, Donnie McCormick, Derrick Duncan, Larry Barnes, Jay Gunner.
- 3) Kathy Daniely and her smile show her good feelings for music.
- 4) Hope Lones, Reginald Lundy, and Robbie Riley sing together at Christmas concert.
- 5) Robbie Riley and Theresa Peace exclaim to Cheryl Williams, "No, Cheryl, you can't sleep now!"

The Concert Choir is the largest group of the chorus and it consists of eighty-five mixed voices. They perform concerts at various churches. The songs they sing are from the early sixteenth century through contemporary music.

1. Ms. Terry admires silk flowers given to her by the Troubadors at Christmas concert.
2. Denise Hutto, Dora Stubbs, Nancy Singuefield, Lynn Collins, Sharon Hutto, and Lila Moore sing about Christmas.
3. Concert choir performs at Macon Junior College.

The Troubadors consist of a group of selected young men who sing barbershop melodies and generally music from all periods of choral literature arranged for male voices. They have performed fall and Christmas concerts at Macon Junior and have performed on television.

1. FIRST ROW: Homer Jones, Reginald Lundy, Terrell Pickett, Charlie Brown, Robbie Riley. SECOND ROW: Tracy Collins, David Brown, Donald Pharisee, Cedric Evans, Tracy Bates, Donald Williams.
2. Reginald Lundy sings solo during the Christmas concert.
3. Homer Jones, Jerome Smith, and Edward Johnson harmonize at Macon Junior.
4. The Troubadors fill Macon Junior with good vibrations.
5. Larry Cotton shows his style on the drums.

The Choralliers is a group of young women who perform songs especially written for female voices. They have performed a Christmas concert and also a fall concert, both at Macon Junior College.

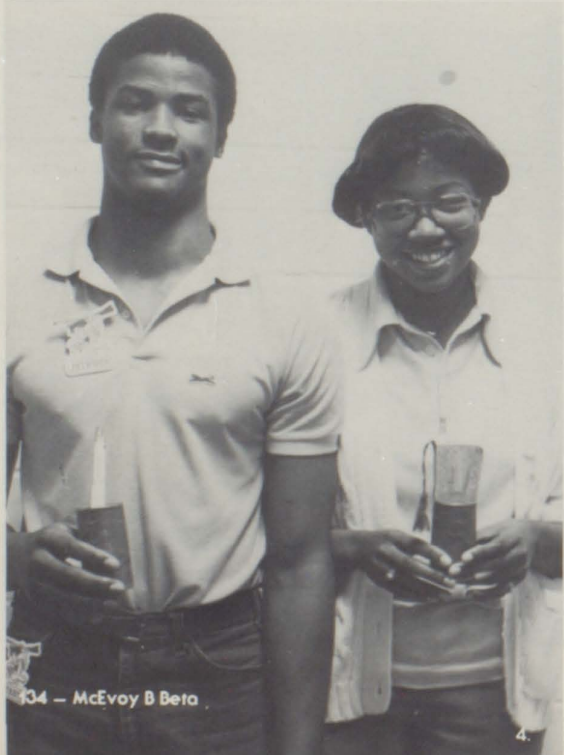

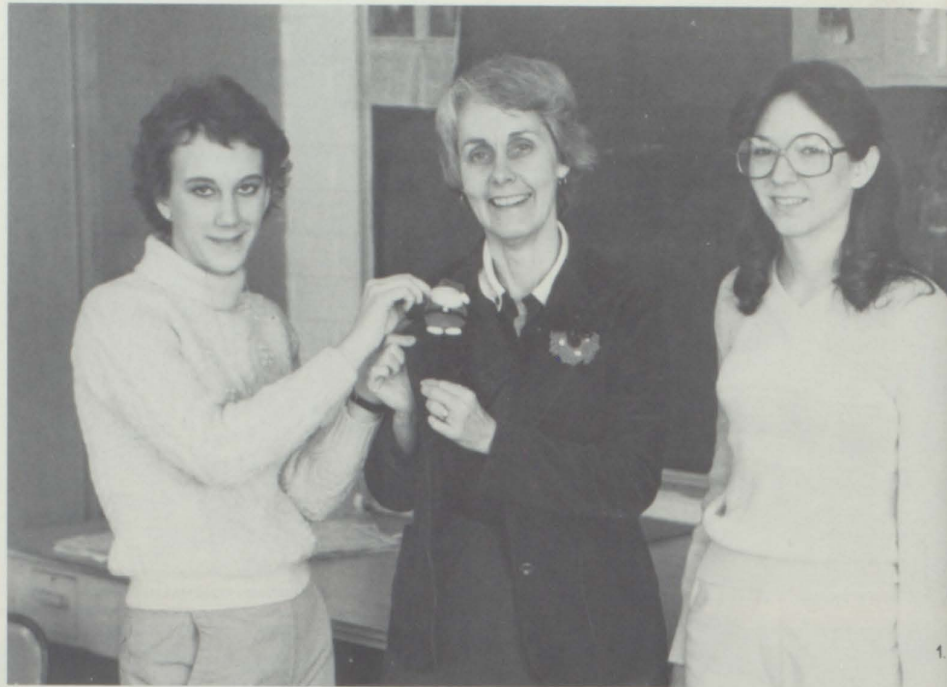

The Madrigals is a selected group that has been formed recently. They sing music from the sixteenth and seventeenth centuries. They have also performed the same concerts as the Choralliers.

1. The Choralliers perform a Christmas concert at Macon Junior.
2. Two small children take part in the Choraller's Christmas program.
3. Gwendolyn Brooks fills Macon Junior with the sound of Christmas music.

McEvoy B Beta

The McEvoy B Beta Club, known for its outstanding minds and personalities, proved also to be a club that was service oriented. In August, while everyone was enjoying themselves, the Beta members came to prepare lockers for the coming year. They painted signs for each home football game and installed new members in the fall. During the winter months, they contributed Thanksgiving boxes for needy families, made beautiful Christmas ornaments and gave plenty of gifts to the Nursing Patients. During the remainder of the year, they projected their ideas on attending the Beta Convention in Savannah and collecting money for a Leukemia Drive. So while it takes a good grade point average to get in this club, its many members show involvement in areas other than just books.

Willingham B Beta

The Willingham B Beta held a car wash to raise money to enable its members to attend the State Beta Club Convention in Savannah in February. For Valentine's Day they sold lollipops for students to give as gifts. In addition, their imaginations were put to the test creating bulletin boards for American Education Week and arranging for a speaker, Ms. Terry Austin, to bring inspiration to the students.

Willingham A Beta

The 1981-82 school year was a busy one for the Willingham A Beta Club. The club planted flowers in front of Willingham A, sold pins and pom-poms, decorated Henderson Stadium for homecoming and provided refreshments in the teachers' lounge during American Education Week. The club also performed a very warmhearted deed; they adopted Johnny Higdon. They bought his lunch every day, bought him a turkey at Thanksgiving, and provided him with boxes of food during Christmas.

Dungeons and Dragons Science

Twice a month fantasy buffs meets to experience many deadly and exciting adventures through various dungeon mazes. Each person takes on an identity of a character which is determined by the rolling of dice. The goal of the game is for your character to survive in this world while gaining various magical items and treasures.

Science Santa, alias Kevin Huletter, and his three little elves, Debbie Kovalick, Kim Carter, and Anita Alliston plus the rest of the Science Club went to Butler Center and Psycho. Ed. to give the children candy and toys. The Science Club also paid the way for any member who wished to attend the Science Fair. During the Spring Fling the club sold SW balloons. These activities show the willingness of the Science Club to help others and provide them with enjoyment.

Mu Alpha Theta/ Math Team

The **Math Team** is an organization which competes in math contests throughout the state. It cannot be classified as one group of people because people are always being added or dropped from it. They compete in the Bibb County Math Meet against Northeast and Central Quarterly. Two big events for the Math Team are the Sprayberry Math Contest and the Georgia Southwestern Math Tournament. **Mu Alpha Theta** is an honorary math club co-sponsored by Mrs. Faircloth and Mrs. Norman. This club meets twice a month to sharpen their math skills to a fine edge. They sponsor practice sessions two Thursdays a month and on May third they're attending the Spring Gathering of all Mu Alpha Theta Clubs.

Pep

"2, 4, 6, 8! Who do we appreciate?" The Southwest High School Pep Club is dedicated to the purpose of leading Southwest supporters at athletic events and especially helping the Cheerleaders. To accomplish this they have sold spirit hands, spirit sticks, Southwest jerseys, and aided the football team with gatorade. To provide a little competition among the students, they held a "what will be the score" contest for the Southwest vs. Northeast game with first prize being a free ticket to the Commodores concert. Also they held their annual funeral services for Central. For Christmas they held a reception for the Christmas band concert and sold personalized cards. Among other things, they plan to sponsor a parent-teacher talent show, hold the annual All-Sports banquet in June, and aid the basketball team.

DECA

The two DECA clubs, the McEvoy and Willingham Chapters, have brought new meaning to the word service. For instance, they held a Halloween party at Happy Haven Day Care Center, assisted Neel Elementary School in their Halloween Festival, and they adopted a needy family at Christmas. They held a skate-a-thon and raised \$1,700 for Cystic Fibrosis and they had the City Council to proclaim the month of November as Free Enterprise Awareness Month in Macon.

Octagon/Drama

What do Drama Club and a puppy have in common? The Drama Club put on a Christmas play called "Puppy Love" in which the star was a cute little puppy. The play was a huge success and a lot of fun for the actors, students and faculty. Since that time the club has rehearsed many plays and as a fund raiser sold candy.

The Octagon Club is an organization that serves where help is needed. Their activities for the year include a repair kit sale, participating in the fall clean-up and a Thanksgiving project for the nursing home. The most exciting project of the Octagon Club was participating in Optimist National Youth Week.

F.B.L.A.

The McEvoy B Future Business Leaders of America have demonstrated their spirit of giving to others by providing children at the hospital with Halloween candy. To brighten Mary Wood's life, they showered her with gifts at her nursing home. Also they sent Thanksgiving dinner to their sponsor, Mrs. Cook, whose husband was sick.

The Willingham B F.B.L.A. works to bridge the gap between the business world and the classroom by giving students a chance to learn first hand about the business community. Their activities this year included having a celebrity, Tina Hicks from WMA7, come and speak about communications, and they held a fund raising project for a conference in February.

The Voca Club is one that attempts to get CVAE students involved in their school and community. Every morning the **McEvoy A Voca** sells school supplies to Southwest students. At the end of the year they plan to go to Six Flags and picnic at High Falls State Park.

Surely Miss Piggy would approve of the **Willingham B Voca's** use of her picture. They have given this and many other gifts to the Bibb Training Center children to provide them with a happier Christmas. In addition, they decorated the Christmas tree for Willingham B and provided the school with a Southwest emblem painted in the Willingham B lobby.

FHA/Herroe's Chapter

The Hero Chapter strives to develop interest in Home Economics' careers and related occupations. The club prepared refreshments for parents' visitation day and for the faculty and staff Christmas party. For Easter, they presented each McEvoy B teacher with a decorative "sugar egg" containing an Easter-related scene. The members must be enrolled in a food service class and they must pay dues to local, state and national chapters in order to join. "Golden years deserve golden treatment" and "It's your life — use it; don't abuse it" are only two bits of wisdom of the McEvoy B FHA. This club has participated in many community projects such as K.I.D.S. for kids, school beautification, Red Cross projects, and even an adopt-a-grandparent project. These young ladies continue to work for degrees received at the FHA awards banquet.

Academic Bowl Youth Against Cancer

Who said, "Death be not proud?" Why is female blood worth more than male blood? If you add the number of Martin Luther's thesis and the number of Wilson's Points, then divide this by the number of planets, what is the result? For answers to these and many other fascinating questions, see your friendly school yard Academic Bowl Team members. The main objective of the team members is to gain as much knowledge in all topics as possible. After many weeks of practice, teams meet for "brain to brain" competition. Two teams of four members are asked questions, with a time limit of ten or more seconds. Academic Bowl is an activity that not only teaches, but is exciting and rewarding.

Youth Against Cancer is a newly formed club whose purpose is to raise money for the American Cancer Society and to provide information about cancer to the public. To accomplish this they raised over one hundred and fifty dollars by selling lollipops.

Seldom do we simply see people. We see clothes or bodies or performances. But when we stop and really look at people, we find character, an ever developing quality formed by changes and time, recorded on our faces and in our muscles. Certainly, it's true that as we get to know someone well, we find it of no importance whether they wear nike tennis shoes or izod shirts. For those things don't matter. But it is important that we look and accept people just as they are.

PEOPLE

Principals

Gloria Washington begins her working day sometimes as early as 6:00 a.m. with a phone call from one of the staff members that cannot be at school that day. Mrs. Washington must then call a substitute to take the place of the staff member. Her main achievement is to coordinate and evaluate all aspects of Southwest High School to establish and maintain an effective learning climate in school. This goal is not only accomplished by Mrs. Washington but the associate principals, who strive to keep the school in top working order. They supervise student behavior in halls, lunchroom, classrooms, and on campus, and they spend many hours in outside conferences with other administrators as well as parents and teachers. Their job expands beyond their specific duties, and in doing so, these four great people bind our school together.

Assistant Principals

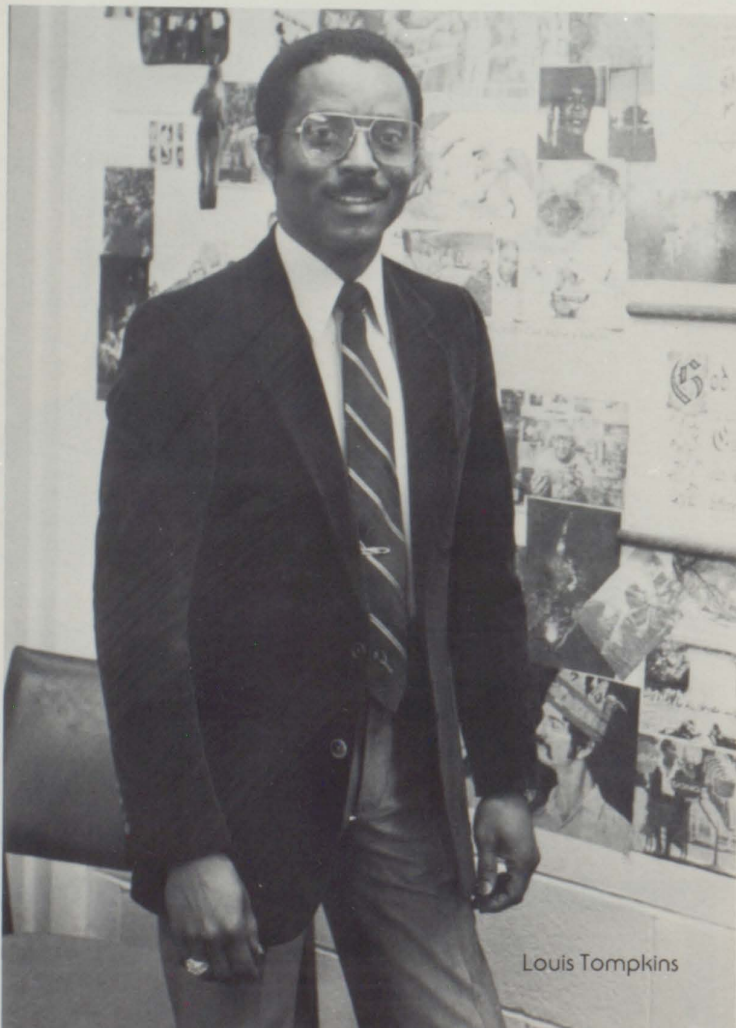

An assistant principal maintains discipline throughout the school, keeps records of school inventory, and acts as a liaison between parents, students, and teachers. As well as holding detention hall, many of our assistant principals spend time monitoring student behavior before, during, and immediately after supervision. As one of these hard workers stated, "An assistant principal's job is challenging. There is never a dull moment."

Board Members

On August 3, 1981, Thomas Evans Hagler arrived in Macon from Grant County, Kentucky to accept his new position as Superintendent of Bibb County Public Schools. Dr. Hagler had been Superintendent of Grant County Kentucky schools since 1977. His general impression of the Bibb County School System is very good, and he hopes to maintain all of the existing programs as well as provide new ideas for additional programs, especially an alternate school for chronic disciplinary offenders.

Other Board Members include: Ed Defore, William Hutchings, Mayor George Israel, William Lane, Dr. R. J. Martin, Kenton Priestler, Lillian T. Rice, Edd Wheeler, Dr. Melvyn Williams, Louie Wood Jr.

Art

The Art Department at Southwest consists of three teachers, Mrs. Cox, Mrs. Lamb, and Mr. Lee, who strive to fulfill their students' talents in the field of creative art. Art, as a year-long course, enables students to increase visual activity, develops artistic skills, and builds art appreciation. It teaches the students to develop a deeper understanding and awareness of the present and past of today's world.

1. Dorothy Cox shows off a clay art piece made by one of her students.
2. Harold Lee takes time for a laugh as he proves that an art teacher is always on the go.
3. Myrtle Thorpe prepares a student for the next lesson.

Dorothy Cox

Judith Lamb

Harold Lee

While most people start hobbies because they need a change of pace or something to do in their spare time, Judith Lamb started because she wanted to help her students. Mrs. Lamb began taking photography lessons from Bob Everett at Macon Junior College about six years ago in order to teach it to her students as an art form. Mrs. Lamb's family support her hobby and sometimes help her in the darkroom. Even though she thinks she has too little time to pursue her hobby, it has been a source of personal satisfaction and fulfillment for her. With a whole world of images waiting to be recorded, Mrs. Lamb will probably be involved with photography for the rest of her life.

When the record spins and the music touches his soul, Claude Davis can put the dance floor on fire. His hobby, disco dancing, started five years ago in New Jersey. As a form of enjoyment and recreation, Mr. Davis quickly decided that disco is where the action is. Then the dancing moved to Philadelphia and Canada, and now Macon. Although he's decided not to turn professional, his hobby does take up a lot of his time. He dances with his friends daily and glides across the dance floors in Atlanta whenever the price and time are right. He has also danced in Alabama, South Georgia, Ft. Lauderdale and Miami, Florida and the Bahamas. Nicknamed "Contact," Mr. Davis has had competition only with relatives and, of course, he has many times come out victorious. He feels good about his accomplishments in dancing, and he feels good about himself. So the next time you go disco dancing, do not be surprised if "Contact" can strut his stuff better than you.

Business Education

Health and Physical Education are related courses which teach students the basics of being healthy, techniques used

for staying fit, and methods of understanding more about themselves and others.

While growing up, snakes gave Ann Proctor the "creeps," but they have always fascinated her because a number of people she knew collected snakes and snake skins. She got involved in the hobby gradually as she grew up. Ms. Proctor spends most of her free time in the spring, summer, and fall collecting snakes in Southwest Georgia. Snakes are easiest to find at this time. During this time, she looks for snakes wherever she goes, including school. "The actual collecting of snake skins doesn't take long to perfect," Ms. Proctor says, "but learning to identify the reptiles and cure their skins can take years to perfect." She feels there is too little time to pursue her hobby, but Ann Proctor is a woman who feels she has accomplished her goals.

When Southwest teacher Elaine Frankum walked into the Northside Racquetball Club, it did not take very long before she had her eyes set on racquetball as her hobby. Mrs. Frankum plays once a week as a form of relaxation and family fun. From the spectator's point of view, she thought it was a simple game and anyone could hit a rubber ball against the wall. When she walked onto the court, she quickly learned that racquetball involves learning different grips, strokes, serves, returns and rally shots. After being inspired by her husband and members of the club to play the sport, she confesses that she still is learning after a year of participating. She hopes to compete in her first tournament in the near future, but for now she is training for the chance to hit the ball with the power, velocity, and finesse of a real racquetball champion.

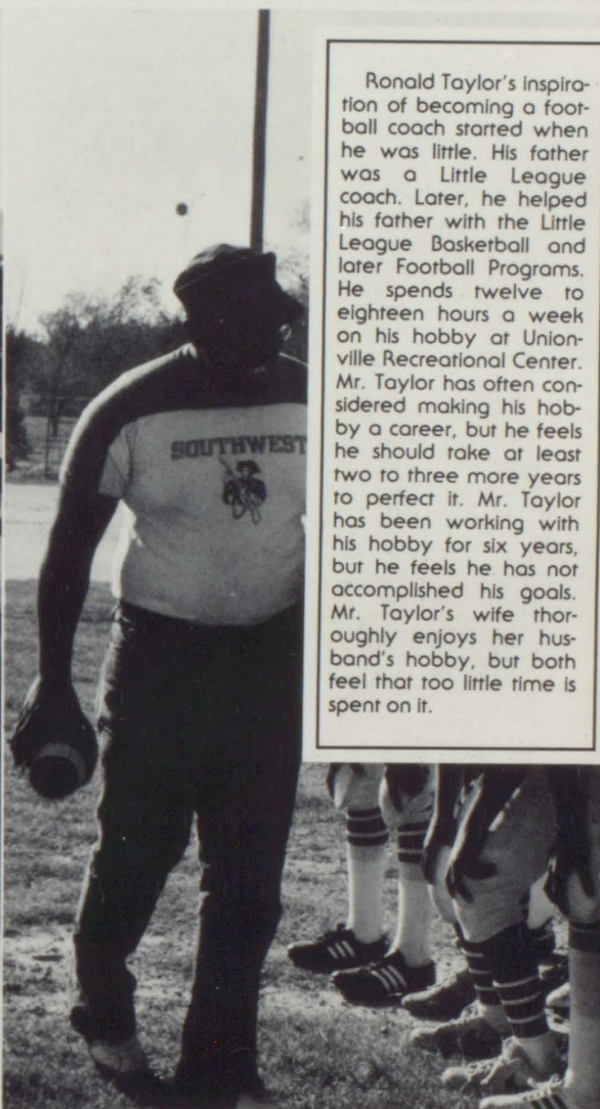

Industrial Arts

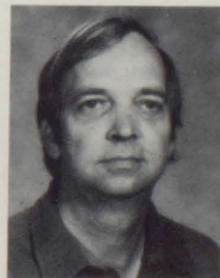

Industrial Arts is taught by two teachers at Southwest. An especially popular subject, it enables students to create and establish their own ideas. By using his imagination and his own style, a student develops such objects as bookshelves, doghouses, and trophy cabinets.

1. Knowing how to iron correctly can be essential in Veronica Collins' class.
2. Vivian Hughes gives an example of how she greets her six period.
3. "Math is very important in Industrial Arts," explains Ronald Taylor.
4. Jerry Joyner demonstrates the right way to operate a printing machine.

3.

Ronald Taylor's inspiration of becoming a football coach started when he was little. His father was a Little League coach. Later, he helped his father with the Little League Basketball and later Football Programs. He spends twelve to eighteen hours a week on his hobby at Unionville Recreational Center. Mr. Taylor has often considered making his hobby a career, but he feels he should take at least two to three more years to perfect it. Mr. Taylor has been working with his hobby for six years, but he feels he has not accomplished his goals. Mr. Taylor's wife thoroughly enjoys her husband's hobby, but both feel that too little time is spent on it.

Language Arts

The Language Arts Department is the largest department at Southwest. Language Arts enables students to use the English language correctly and teaches them basic skills in reading, writing, and communication. Included in the Language Arts Department is Foreign Languages. The learning of a foreign language develops understanding and respect for the specific foreign country. Valuable skills are taught and accomplished through the learning of foreign languages.

Mrs. Brooks says it would probably take a year or two to perfect her hobby, and the serious student must attend at least three times a week. Mrs. Brooks says, "Karate is a great hobby, but only if you have the time and the desire to accomplish it."

Mrs. Pirkle spends about five hours a week on her hobby, and she often gives her afghans as gifts.

Music

The Music Department teachers, Mr. Hunter and Mrs. Terry, have the responsibility of teaching about two-hundred and fifty talented musical students. They have both proved in more than one way that they are thoroughly dedicated to their work. As a result of their work, Mr. Hunter's band and Mrs. Terry's chorus have managed to receive General Excellence for many years now. "Practice Makes Perfect" is the Music Department's theme. Both Mr. Hunter and Mrs. Terry feel that they have a most fulfilling job that gives them much satisfaction.

The water is calm and the weather is clear as Southwest teacher William Hunter sets out on his boat. A master of something that may take a lifetime to learn, Mr. Hunter is at home on a sailboat sailing across the ocean blue. From his youth, Mr. Hunter has always enjoyed sailboating. He would just "fool around" boats when he was young at his home in Chesapeake Bay. His love for boats has stayed with him up to this day. He presently owns three. They are the Sunfish, the Force Five, and the Oday 22. His deep interest for sailboating has led him to consider making his hobby a lifetime career. He spends at least one day per week on his hobby and during the sailing season he runs, works out with a biking bench and weights. Determination and inspiration have earned him sixteen trophies on the local and national levels over the last two years.

Science

The Science Department specializes in mainly four different courses: biology, chemistry, physics, and photography. In science, students gain insight and appreciation for the world around them and the scientific advances that affect their lives. Also, science acquaints students with themselves and their environment so that they may better understand these topics.

During the summer you will probably see her warming up at the Northeast track or Central City Park. She hasn't competed yet, but she doesn't rule it out for the future. Her nickname "The Magic Musician" is also her CB handle. Ms. Bell feels that she has accomplished her goal and that music is her life. She often plays when feeling depressed, which helps lift her spirits and makes her the happy person we all know.

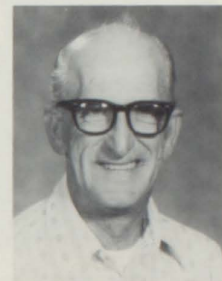

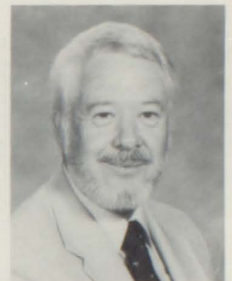

While many people's hobbies are just outside interests squeezed into spare time, Thelbert Gordon is really serious about his. Mr. Gordon's hobby is farming, which will become his career after retiring from teaching. Mr. Gordon has been involved in farming since the age of thirteen. He got involved through the Future Farmers of America courses in high school. As his skills in growing and repairing farm machinery have improved, he has often competed against others. Various ribbons and awards are examples of his dedicated work. While Mr. Gordon says farming is too time consuming for his immediate family and there is not enough time for him to farm, he still feels he has accomplished goals that he never could have if it had not been for farming.

Esterine Stokes

Over the years, bowling has become a favorite hobby of many. Esterine Stokes is no exception to the new fad. Mrs. Stokes started bowling about five years ago. Her husband inspired her to pursue bowling as a lifetime hobby. In her spare time, she can be seen striking out across town with family members at Shurlington or Freedom Lanes. She competes with her family and has never won any type of award, yet she finds bowling satisfying even in the worst of moments, such as when the bowling ball goes into the gutter, she misses spares, and her bowling shoes are too big.

What is the first thing that comes to your mind when you hear the word hunting? If it's the old concept of a man tracking wild game exhilarated by the chance of bagging a prize, you are sadly mistaken. Here at Southwest we have our very own "safari" lady in Willingham "A", Doylene Roquemore. When Mrs. Roquemore's family moved to the country, her husband got her involved in hunting. It seemed only natural since her husband and nine year old son enjoy it so much. She can usually be seen once a week on her one hundred and seventeen acre farm. One of her most prized possessions is an 11 point whitetail buck that she has gotten mounted. Mrs. Roquemore is glad to have the time to hunt. She hunts deer, dove, ducks, or quail. She also enjoys fishing, but her main goal is to hunt out of state.

Secretaries

Some Southwest secretaries are so active in their work that they hate to leave when the end of the school day arrives. They work as many as eight hours a day accommodating teachers and students, as well as solving problems that arise during the day. Southwest Focal Student **Detra McDougald** likes to slip away from others to pursue her hobby. While she is alone, she has a time blowing tunes on her flute. It began for her when she acquired a strong interest in music and wanted to learn to play an instrument. She was inspired by her mother, and now she has considered majoring in music in college. She practices about ten hours a week and although she doesn't compete right now, she does have the encouragement of her parents and the determination to put a lot of daily, hard practice into her hobby. If you just happen to walk to a secluded place, chances are that you will hear Miss McDougald rooting away at her flute.

Southwest Focal Student **Dorralyn Williams** took up embroidery in the ninth grade. Her parents inspired her to begin this intriguing hobby. She spends four hours a week on it in her spare time. Dorralyn says it would probably take a year for someone to get really good at embroidery. Her family loves her hobby

because of the beautiful things she has made. Though her hobby may never become a career, Miss Williams' work may one day really be appreciated by friends and relatives. No one will be ashamed to say that she made things for them. In fact, they will more than likely brag about her works.

Bobby Chamblee is interested in photography. He became involved in the hobby when he was on the annual staff in the ninth grade. After being praised for his photographic work by his family, Bobby continued his hobby knowing he was capable of doing a good job. He would like to make photography a career, but he knows in order to become an excellent photographer, it takes a great amount of dedication and money. Bobby enjoys taking pictures of land scenery such as mountains and wildlife. His parents think that photography is a good learning interest for him and hope that he will pursue it. Though he doesn't compete currently, this Southwest Focal Student seems to have a good start in an interesting career. He may take the picture of the year when he gets older. Click, he just took your picture!!

Over the last few years, Lake Tobesofkee has become a place for sunbathers, boaters, swimmers, and one of the fastest growing sports in America — water skiing. **Sherri Smith** is one of these avid skiers. Inspired by her father and the rest of her family, she can be seen out on the lake all summer three times a week. She does not compete,

but whether you do or do not ski, Sherri says to count on its taking at least a year to perfect. So when the sun's rays finally creep through the clouds to signal that summer is here, you should not be surprised to see Sherri pursuing her summer fun. Then the action **REALLY** begins!! Sherri will catch your attention as she glides through the water.

Soccer has become a world-wide sport in recent years. America has just really gotten in to it, but because of people like Southwest Focal Student **Sean Christensen**, we will soon be at the top of the sport. Sean began playing in P.E. Then some friends asked him to join their team. Sean did join and he has enjoyed it very much. Sean says to play soccer, there are many good places, such as parks, to go. His team can be seen practicing twice a week with games on weekends. They do compete and they have won the Unity Trophy. If you do play, however, you will need to play two or three years and do running, stretching, and other drills before the trophies will pass your way. So for Sean, his hobby is soccer. His senior picture reveals another of his pastimes — karate. What an interesting life!

When school closed last summer, Southwest Focal Student **Paula Brack** went to work on her vast interest in art. Now she pursues her hobby of oil painting outside or in her room. She spends about twelve hours a week on her hobby, and one painting usually takes her three lessons from her mother's friend. Though her hobby may never become a career, this Southwest student really enjoys maneuvering a paint brush until it

produces a beautiful oil painting. Is she the next Michelangelo or Leonardo da Vinci? Well, that still remains to be seen. One thing is for sure; she can make that paint brush do wonders. She brushes one way, and swings it another; she stands back, looks and then continues. A little dab of blue here, a spot of white there, and soon her art work starts to take form. Then with one last stroke, she has painted a *masterpiece*.

The class ring — the symbol of achievement and memory. Former Graduates set memories on track with it, Seniors achieve it, Juniors want it, and Sophomores just adore it. The memories reflected in the formation of the ring bring back the best years of your life. You'll think of the Spirit Stick assemblies and how, without losing, we almost won; you'll think of the best basketball team in the world when you adorn a Southwest class ring. You'll see yourself cheering for the biggest and best band in the state; you'll recognize yourself pleading to get out of detention or asking the coach if you could play football although you only weigh 101 pounds. You'll see yourself trembling after your first kiss and laughing about it with your best friend. This object will be an important part of your life ... *the ring*. The symbol of achievement and memory.

Though Julianne Johnson is a senior here at Southwest, every Christmas, late at night Santa Claus slips down her chimney. In his big bag, he has goodies for the good folk. And every year Focal Student Julianne is given some dolls. After getting several dolls, she began a collection. Now she goes to the Farmers' Market on Saturdays to look around for

more. She also goes to antique shops and flea markets to pursue her hobby. She has said that collecting dolls will probably be a lifetime hobby. Her family, especially her mother, takes a lot of interest in Julianne's work. Who knows, Julianne probably looks forward to getting a doll as we do to getting a job.

While some students are into many different things, **Melvin Odom** can usually be seen by his friends at a ping pong table in his spare time. Melvin was inspired to play by his friends who came over to play at his house. He has been playing for a couple of years, usually spending about three hours a day at it. He has gotten so good at ping pong that he has won second place in a tournament. He placed himself in that tournament to have people applauding him. Yes, with a smooth, sure-handed backhand and a powerful forehand, Melvin is sure to have you running to see him play. Victory after victory is chalked up for Melvin as he improves. So move over Chinese — here comes . . . Big Melvin!!!

Tammy Brown is interested in Fashion Designing. She was introduced to the hobby by her mother and a good friend. Though Tammy has not actively started her hobby, she does try to stay involved by browsing and buying the latest fashions. Fashion designing is very important to Tammy and she is thinking of making it her lifelong career. With the inspiration

of her relatives and friends, she may just succeed. So while Gloria Vanderbilt has got the designs for the 80's, who knows — Tammy Brown may have the styles of the 90's. Go right ahead and wear your Calvin Klein, Rigolletto, Jordache, Sassoon, and Levi designer jeans today, but some day the tag on your jeans may say "Brown's Delight."

When Carol Hicks puts on her skates and steps onto the skating floor, she has trouble getting herself off. This Southwest Focal Student inspired herself after her brother, sister, and friends started roller skating. Now she rolls with the music twice a week at the Olympia Skating Centers in Macon. Her family likes for her to skate, but as a family usually does, they are always worrying about the high speed at which she travels around the skate floor. Put on some music and dim the lights; it shouldn't take you long to figure out who is a master on skates. As fast as lightning, Carol will weave in and out of groups of people only to leave a blur and a gush of wind behind. Carol's hobby started several years ago, and soon she will have mastered the art of ... rollerskating.

Southwest Focal Student **Mandy Wyatt** loved the thought of doing somersaults, cartwheels and the like when she was in grammar school. She even won a trophy as the best all around athlete in the seventh grade. Then knee surgery knocked her out of any hopes of being competitive. Gymnastics has lost a performer, but it has gained a lifelong fan in Mandy Wyatt, a true competitor.

There is one lone bowling pin standing in the corner. In the next moment, you see a black, glossy bowling ball approach the pin. In a spur of a moment, the ball hits the pin and knocks it over. With that knockdown, this team wins the tournament. Everyone looks to see who has won the game for them. **Darryl Taylor!** Darryl's

bowling career began early. Inspired by his father, he now pursues his hobby once a week at Macon Bowl. At one time, he had considered making his hobby a lifetime career, but for now he wants to keep his hobby just a hobby. Do not be surprised if Darryl becomes a famous bowler.

Today you may sit next to Yvette Turner, a Southwest student; tomorrow you may read about her as a famous guitarist. This Focal Student practices every weekend and would love to make her hobby a career. With the backing of her church and her family, she may be well on her way. Mrs. Brown from Ballard B inspired Yvette into what she calls her lifetime hobby. So while she doesn't compete now, one day she may have many awards and trophies from singing and strumming away at her guitar. To warm herself up to play the guitar, she usually does some karate. Once she has gotten the muscles loose, she can dazzle your mind with her guitar. When she has caught your attention, the music will hold you there for a long time. So today you see concerts of stars; someday you may see SW's Yvette Turner.

While others may watch a football game, go to the movies, or even read a love story, Southwest Focal Student **Janet Jordan's** interest lies in a totally different hobby. Her hobby is related to food; actually it's a utensil used in eating food. Well, if you couldn't guess it, her hobby is spoon collecting. Her hobby started when she collected state spoons on vacations. On visits to colleges and states, she has added to her collection opeida sterling silver spoons and college spoons. Inspired by other collectors and encouraged by her family, she has also inspired others to collect things. She has gotten her mother to collect bells. So while you may cheer for the Patriots, scream in a horror movie, or let a tear roll down your face as you read a great love story, Janet will probably be somewhere . . . with spoons.

Homes of Distinction

Ronald Ross, shown here taking it easy at one of the many construction sites of Carey Construction Company, is about to "get it" from all directions. It seems that Andy Lemon is about to overrun him with the wheelbarrow, Lisa McCallum is about to dump dirt in his face, and Pam Williams is preparing to bop him one with a board. ▶

Civinettes support Southwest in a number of ways. Among cleaning up the entire school campus, holding the Miss Southwest pageant — with proceeds going to the foundation for retarded citizens, and providing refreshments for members of the PTSA, aiding the Annual Staff by buying an ad is just one more.

CLASS OF '88

Highlights of the year include a number of activities: raising money for the Junior-Senior by selling fruit, tying in the Spirit Stick Competition, which they had won as Sophomores, taking mini-courses during CRT Week, ordering Senior Class rings, and staging a talent show.

1. Juniors sold fruit to raise money for the Junior-Senior Prom.
2. Greg Franklin, third place winner in the fruit sales, won a hunting knife while Joe Neisler, the first place winner, received a radio.
3. Kevin Johnston and Brian Gonzales concentrate during a chess competition in their mini-course.
4. Juniors participate during the Spirit Stick Competition.
5. Gail Colhoun, an unidentified person, Jeannette McKay, Angela Tippin, and Angela Battle order their Senior rings.
6. Juniors show their spirit at a Pre-Spirit Stick Competition.
7. Theresa Peace shows her vocal ability by singing "Evergreen" in the Junior-Senior talent show.
8. Wendy Roberts with her second place prize from the fruit sales.
9. Mrs. Langston dances to the music of her mini-course with her students.

J.D.'S TOUCH OF CLASS

Bobby Slocumb and Sandra Hand decided that a Sunday afternoon . (for teens only) at J.D.'s Touch of Class was their idea of ending the week "the right way."

The McEvoy Beta Club is so active with all the national organizations that they support, it makes one wonder how they afford the time and money to support yet another organization, the Annual Staff. But, they do, and we appreciate it.

CLASS OF '84

The Class of '84 is different from Sophomores of the past. One way is new graduation requirements, including P.E., Citizenship, and Career Planning. They were also treated to a special vocational tour introducing them to the various career opportunities at S.W.

1. Mattie Spivey arranges an aquarium.
2. Tammy Kasnowski avoids oncoming arrows.
3. Sophomores take part in a Pre-Spirit Stick Assembly.
4. The Sophomores wait for the rising of the Spirit Stick.
5. Terrell Wallace concentrates on the CRT.
6. Angie Bohannon, Kim Smith, and Cindy Oliver help beautify the campus during Clean-up Day.
7. Jennifer Hayes models the outfit she made for the FHA fashion show.
8. Bertha Rump and Darlene Allgood take a break after completing final exams.
9. Roderick Green placed third and Tim Kirby placed first in the Crypto contest sponsored by Mu Alpha Theta.

6.

8.

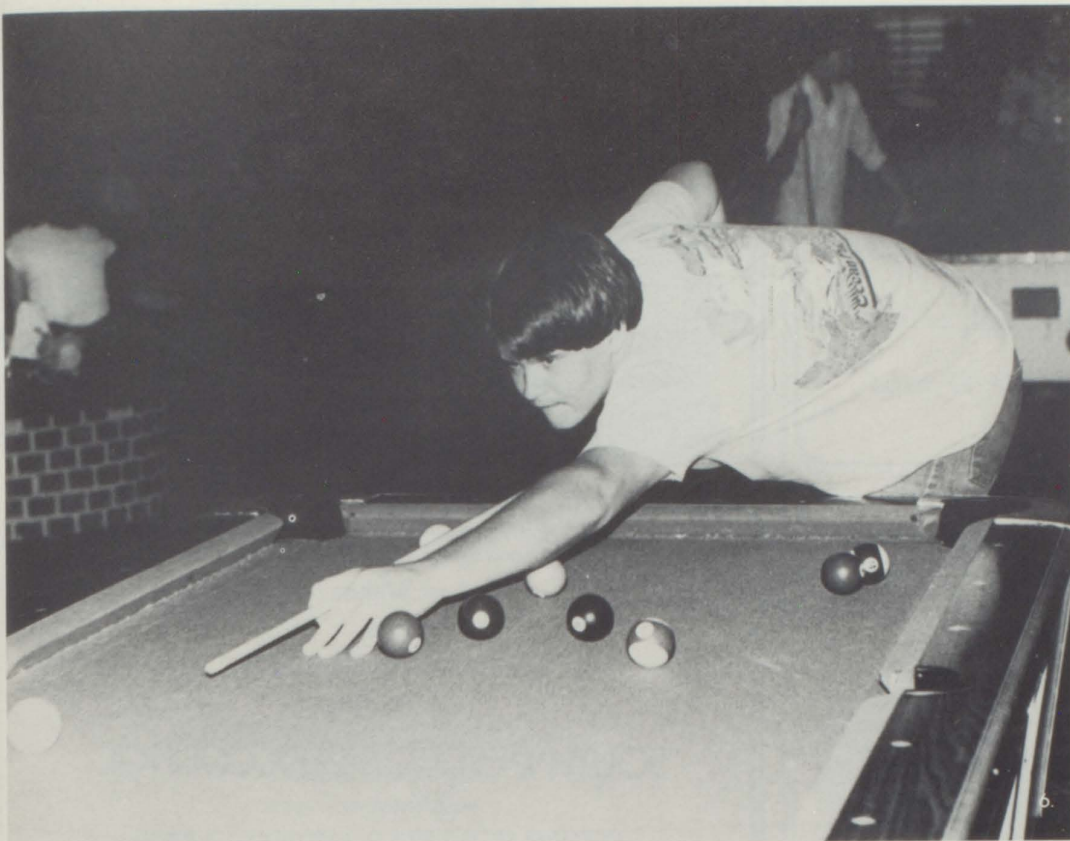

4.

9.

WEEKEND FEVER

On Friday afternoon, two minutes before the 2:30 bell rings, time ticks by slowly. Thoughts of playing video games, shopping, and eating pizza invade our minds.

1. Kenneth Grable holds up his Spirit towel.
2. Jennifer Adkins asks Valerie Hamlin how these jeans might look on her.
3. Brian Williams and Kristure Horne relax after coming from a church baseball game.
4. Gayanna Wallace, Carla Prince, Mike Barlow, Chrystal Smith, Eddie Avers, Rhonda Burts, Lori Fuller, Linda King, and Bonnie Tidwell take a break.
5. Paige Reeves and David Brown eat pizza.
6. Tim Johnson plays a game of pool.
7. André Brown takes a sharp turn around the skating rink.
8. Lisa Potts practices her techniques on the video game Asteroids.

Karen Rushin gets out her money for an early matinee.

MEMORIES

When we look back on 1982, our minds cannot help but ponder the memories that are with us always: the times when it rained and everyone slid from one building to another, ruining our shoes and soaking the cuffs of our jeans; eating fish every Friday; the snow that forced us to make up days on our weekends and those long hours at basketball games. Remember when you had that flat tire and forty guys all came running to help you at one time? Yes, we can laugh now at the chocolate bar we sat on or the mud puddle we never saw. So many things have happened in each of our lives that it's hard to comprehend how much they really mean to us. It is so enjoyable to sit and remember faces, experiences and emotions. The year is over now, and with each new year we find ourselves growing older. Time changes things, but time will never change these memories, memories that now seem so simple.

My friend died.

I don't understand it God.

I don't understand your timetables

where the living dead live on and long to die

and one so young, so filled with life and love is gone.

I have to deal with sorrow in my own way.

From the crest of a skier's hill, I need to race the pain

outrun the tears

rush past the anger and the loss —

but the speed of grief transcends my need

and leaves me spent and lonely still.

Now on this frozen, silent hill,

I lay my grief before you to be healed.

Lord, I can find no answers, help me to find acceptance.

Though the pain remains,

let the new day begin for me without bitterness.

The students above contributed greatly
to the production of this annual. Susan
Kerstetter and Randy Griffin helped with
Honor's Day. Cara West sold doughnuts in
the morning, and Sandra Hill wrote copy,
sold ID cards, and delivered pictures. We
thank each of you for your special support.

The *Spirit of '82* would like to extend a
grateful appreciation for the continuous
support of these people: Mr. Les Parsons,
Mrs. Gloria Washington, Mrs. Jackie Richard-
son, Mr. Gerald Stuart, Mr. Harold Perdue,
Southeastern Portraits Inc., (especially Mr.
Larry Naylor), teachers who helped with
sales and picture taking, all coaches and
club advisors, *Macon Telegraph and News*,
students who sold ads and continually
gave their support throughout annual
sales.

Above all, we would like to thank those
students who purchased patrons, and the
1300 annual subscribers, for without you
the publication of this record of 1982 would
not have been possible.

SEPTEMBER: "What does that lady mean — 'Crop all your pictures from lower left to upper right?'" **OCTOBER:** "That's great! ... Doyle just told me we've sold enough annuals to pay for our book!" "Yeah, but I just talked to Teresa. She said the color in the senior section is going to cost us \$5,400.00 so we have to sell more doughnuts. And to think, I used to like doughnuts." **NOVEMBER:** "Melissa's got to be joking. She told me to have all the layouts in my entire section drawn by the end of the month!" **DECEMBER:** "Oh, my gosh, Bruce is gonna die! I'm short

twelve junior class candid." **JANUARY:** "How many letters to a pica did Maurice say for 10 point type?" **FEBRUARY:** "My teacher said if I was late to first period one more time she was gonna have me suspended — and she didn't care if it was for annual sales." **MARCH:** "Is Susan's hair growing back yet? She pulled out half of it before her first club deadline. She's got another one at the end of the month; then she'll probably go bald." **APRIL:** "What was that I heard you say, Larry? Something about getting a girl to change the

spelling of her last name because you weren't going to redo the whole class section because of her. Oh, I just misunderstood you. Remember now, that section is due Friday." **MAY:** "Bruce C., Doug said if you don't find that layout by the time we get back from the GSPA convention, he is gonna knock your head up side the wall. I think he meant it." **JUNE:** "Whew! Graduation's over and we just shipped our last deadline. Colicia, meet me at the school Monday and we'll go sell ads for next year's book! I can't wait to get started."

Editor's Note

While writing this, I cannot help thinking of past Editors — and I wonder if serving as Editor-in-chief of the Southwest yearbook meant as much to them as it has meant to me. As Editor, I have learned to be a teacher, leader and counselor. My energy and patience have been taxed; but I adjusted quickly to late nights without sleep, phone calls galore and to the sight of photographs, annuals and croppers lying on my bedroom floor.

I owe a special thanks to Mrs. Trudy Norris for all her advice, her letters of recommendation and for nicknaming me "MelissaRay." I also would like to say "Thank You" Mama and Daddy for letting me take on the responsibility of being Editor, for putting up with my long hours at school and for saving my dinners (even if they were cold).

In our lives we have experienced many different sensations: the feeling of loss as close friends were taken into eternity, the joy of falling in love, the fulfillment of helping others and, most of all, the necessity of friendship! All of us, no matter how different we are,

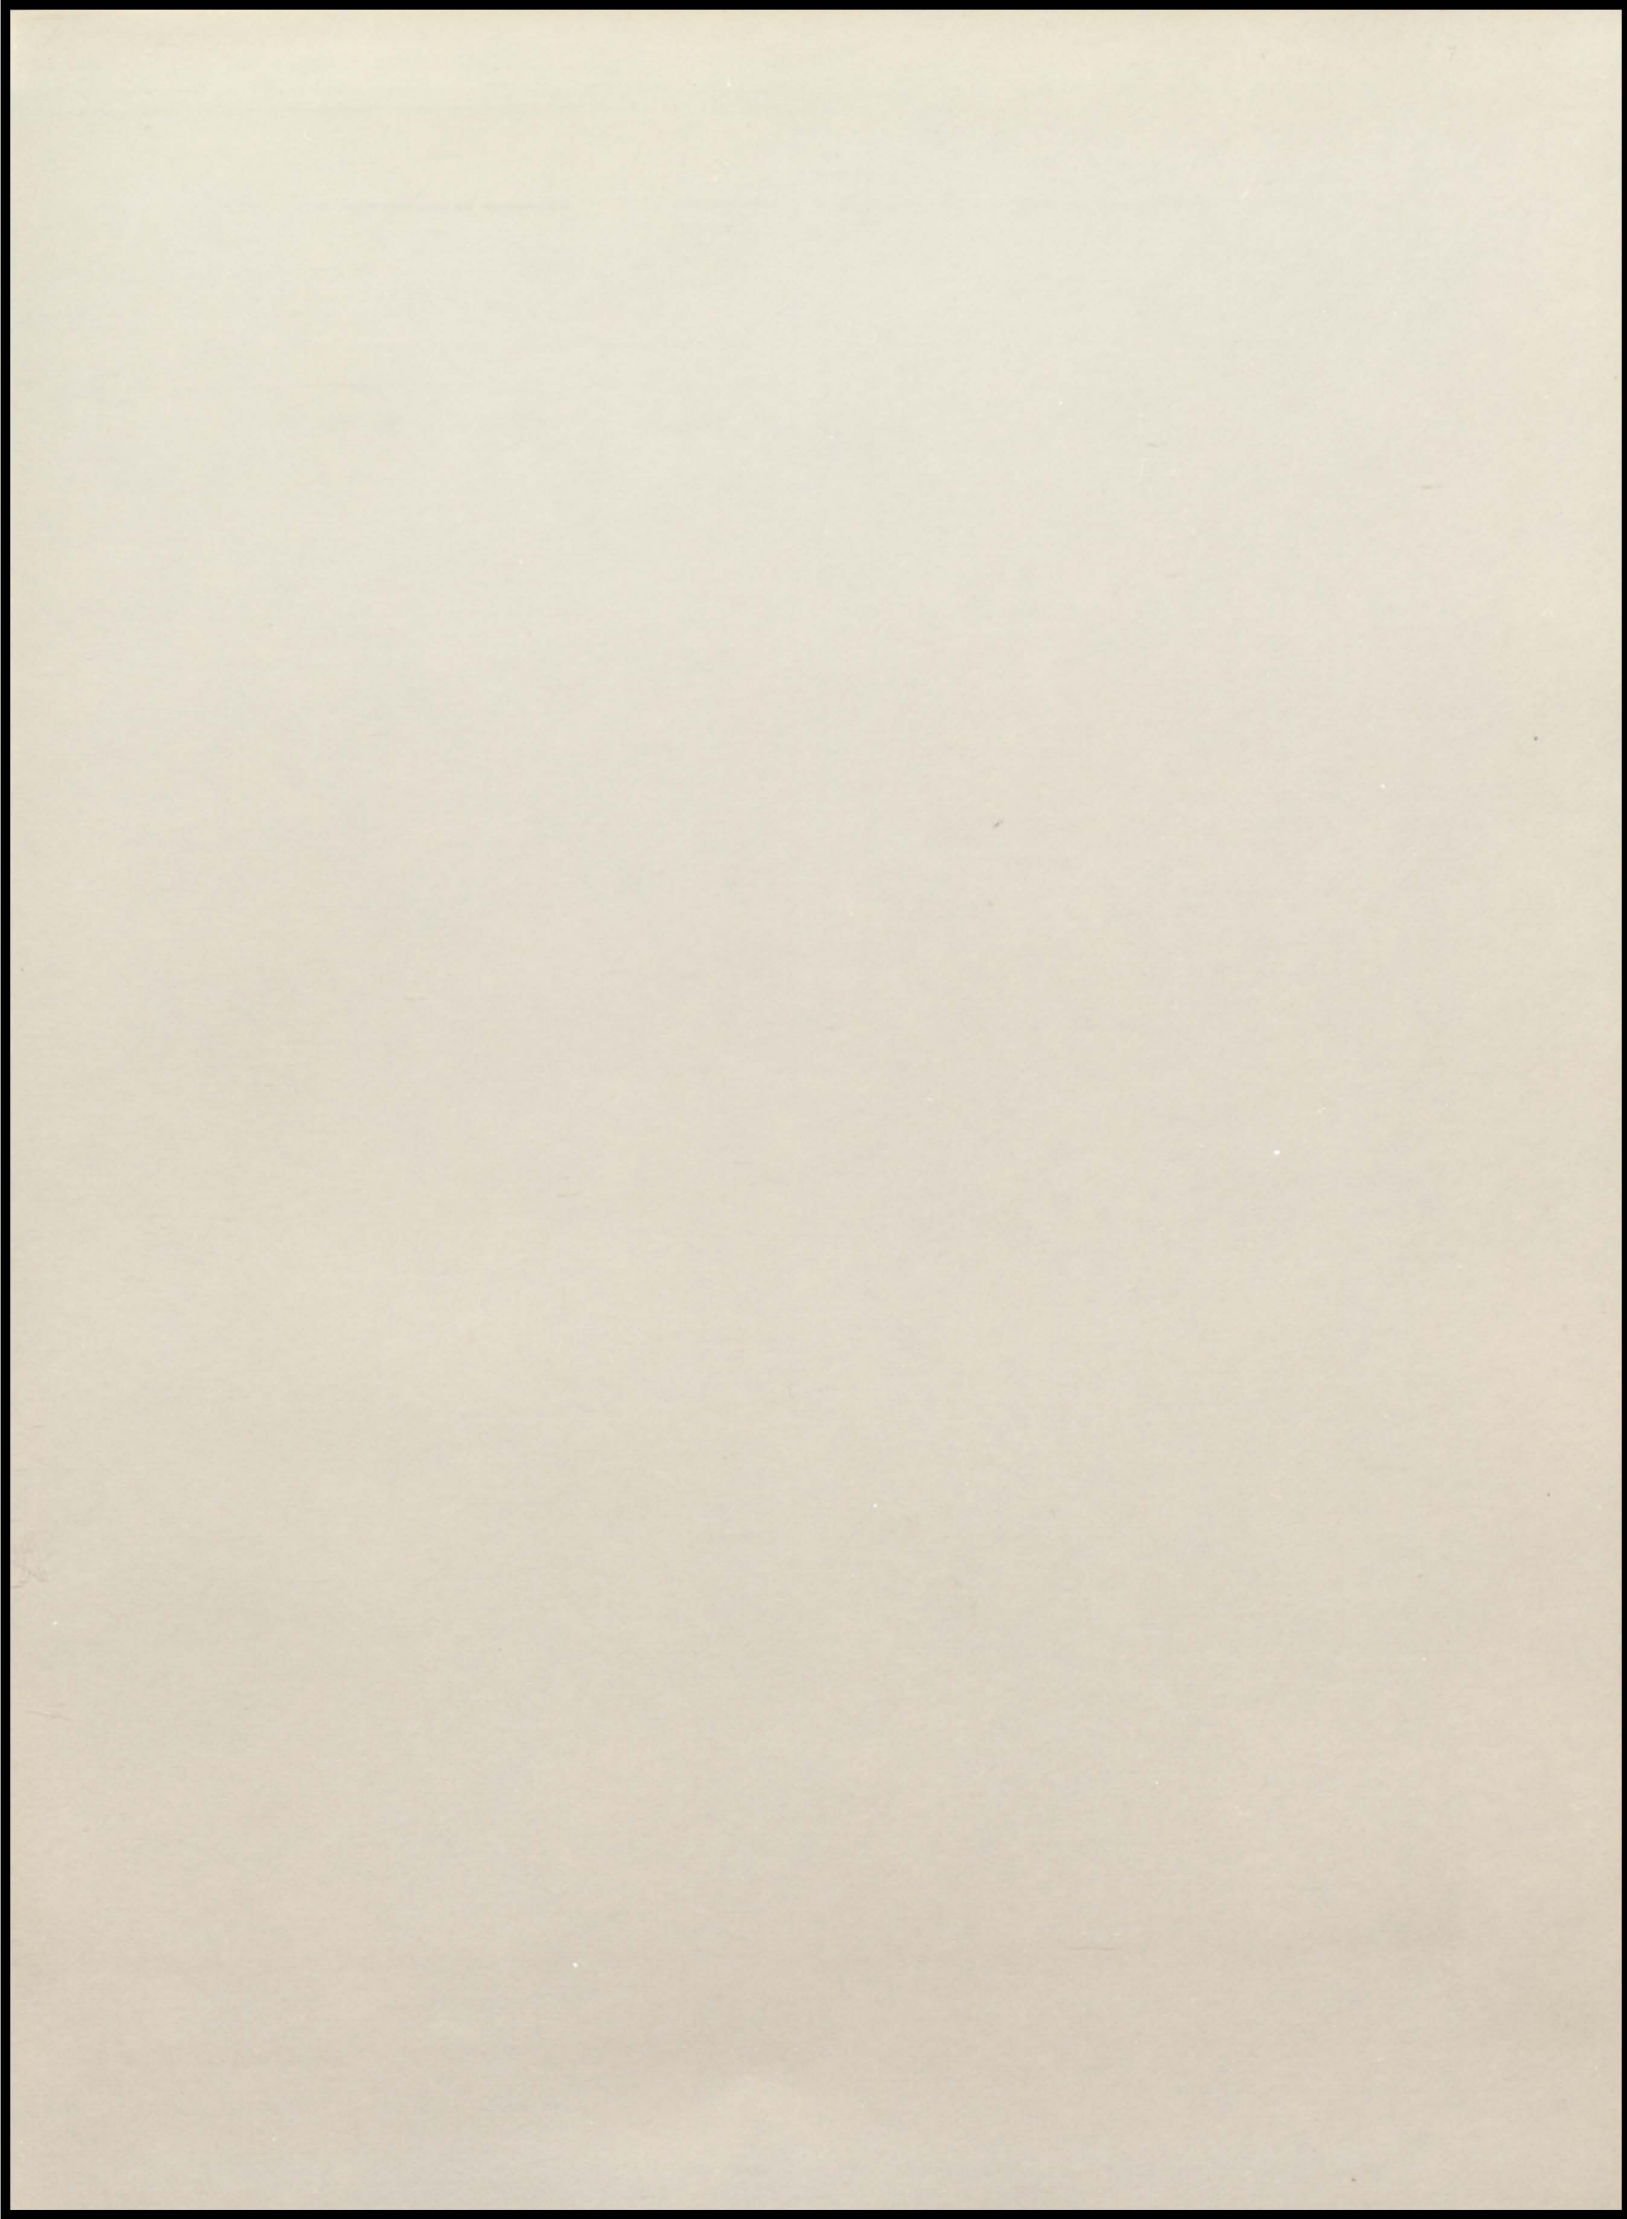

share these simple, but enduring, emotions.

In my theme Simple Things, I have sought to express what I feel — that people remember and gain the most pleasure out of the simple things in life. We seem to be continuously moving, eating on-the-run and stayin' in the streets. Our lives move fast and get so very complicated that we seldom take the time just to ENJOY!

It is my deepest concern that as we grow older we will never forget to keep our lives simple. May we never forget old friends, days at the park, walking in the rain and fishing on weekends. May such simple happenings in our lives help us stay in tune with ourselves, in tune with nature and in tune with God. Therein lies true happiness — even in times of sorrow.

And now as I clean out my file cabinet and take my signs off the doors, let me wish Bruce much success in producing the *Spirit of '83*. And, Doyle, be successful and keep wearing those funny looking glasses!
